

ITR products consistently set the benchmark for quality and performance. Founded in 2006, ITR America was established to offer dealers and OEMs a reliable, high-quality source for replacement parts utilized in construction, mining, forestry, and roadbuilding equipment.

ABOUT US

Under the leadership of some of the most esteemed and experienced professionals in the industry, ITR has rapidly become the preferred supplier for wholesale dealers and equipment repair facilities across North and South America.

In partnership with USCO, one of the world's largest manufacturers and distributors of OEM and aftermarket replacement parts, ITR manages an extensive inventory and distribution network across the Americas.

Our products, manufactured in our own facilities, adhere to stringent quality standards. Our factories are recognized for their exceptional quality and hold ISO 9001, ISO 14001, and ISO/TS 16949 certifications. This rigorous approach results in superior products that deliver exceptional performance under demanding conditions, ensuring our dealers receive reliable and high-quality solutions.
