

RANDOM LOVER

I'm so tired of these wastewater trash heap
Not a penny to they name **always tryna get at me**
Yeah, **tryna get at me**

I'm so tired of these weak-ass broken toys
All up in my face **always tryna get at me** yeah

I need a lover who's gone respect my time
I don't need you catchin' feelings or tellin' lies
I need a lover who's gonna take their time
I don't want commitment, I wanna be satisfied

I need a random lover
You'll be my random lover
To make me feel like someone wants me through the night

I need a random lover
I'll be your random lover
I'm gonna keep you under cover cause it ain't right

I'm so tired of these no cash fake-***
In the streets playing games **always tryna get at me**

Ya know always tryna get at me

I don't need you catchin' feelings or tellin' lies

I'LL BLAME MYSELF

*I'll blame myself tomorrow night tomorrow night
I'll blame myself tomorrow night
Oh I'll blame myself tomorrow night tomorrow night
Cause I just wanna go home with you*

**For tonight I just wanna be with you
So I won't over think it
For tonight I just wanna see this through**

I can't forget your touch and smell
Or that song we used to play while we made love
Remember me when you've moved on
Even though I'll be gone

*I'll blame myself tomorrow night tomorrow night
I'll blame myself tomorrow night
Oh I'll blame myself tomorrow night tomorrow night
Cause I just wanna go home with you*

**For tonight I just wanna be with you
So I won't over think it
For tonight I just wanna see this through**

I know it's not right
(I know it's not right)
That I crave your time
(That I crave your time)
I won't give you up right now
Even though you're not mine

I'll blame myself tomorrow night tomorrow night
I'll blame myself tomorrow night
Oh I'll blame myself tomorrow night tomorrow night
Cause I just wanna go home with you

For tonight I just wanna be with you
For tonight I just wanna be with you
For tonight I just wanna be with you
For tonight I just wanna be with you

HOLY

I wake up next to you and you look at me like a prize
possession

When I ask you what you're thinking

You don't hesitate to make a full confession

I try to reciprocate the sentiment

But you say "Babe I know, " and your lips always stop my
words

I navigate the expanse of our your intricate emotional ocean

Your skin, luscious and black

And smooth like African shea butter lotion

Your scent and sense filling me up

When I realize it's you I can't get enough of

Holy

Worship me slowly

Let me be your only

Let me in

Holy

Worship me slowly

Let me be your only

Take me in

You push me to the edge of an ecstatic point in our fluid
creation

Then I close my eyes to the sky

And pray to an Orisha with no fathomable formation

She answers with a divine proclamation

A special invitation to taste your fragrant lips

On your knees you worship me

Like the god I am and goddess that made me

And when we're together I find veritable peace so effortlessly

It eases the mind as we partake from the same celestial source

And experience an umbilical high

Holy

Worship me slowly

Let me be your only

Let me in

Holy

Worship me slowly

Let me be your only

Take me in

We find ourselves in a place where time and space
Transcends the limitations of this feeble minded-human race
Without a trace of hallowed bigotry and hate
We won't tolerate the intolerable so those heathens we
extricate
From our sacred domain

You Bb on you back and relax for a bit
C minor shit don't really matter that much, but really even did
it?
Then on to the 4 and extend with a 6
We come back to the 1 and then stream of consciousness
And that's how we came to be Holy

Holy
Worship me slowly
Let me be your only
Let me in

Holy
Worship me slowly
Let me be your only
Take me in
