Special thank you to our debate co-host The Dakota Scout for their article letting people know about this terrific event! The article even features a quote from Sioux River Republican President Kerri Wager:

“We aim to offer an open and respectful exchange of ideas on one of the most pressing issues of our time, and our goal is to provide a platform for informed discussions that will help our community better understand the complexities of these critical matters. The goal of the debate is not to suggest which position is ‘good’ or ‘better’ – the goal is simply to allow both sides to speak directly to the public and explain their side’s position.”

The screenshot shows a news article from 'The DAKOTA SCOUT' under the category 'STATE POLITICS'. The headline is 'Pipeline official, adversarial lawmaker agree to debate in Brookings'. The sub-headline reads: 'Jon Hansen and Elizabeth Burns-Thompson will participate in 'Property Rights & CO2 Pipeline Debate''. The article is dated 'AUG 4, 2023'. Below the headline are social media icons for likes (7) and comments (1), and a 'Share' button. The article features two portraits: a woman with long dark hair wearing a black top and a pearl necklace, and a man with short hair and a beard wearing a white shirt, standing in front of an industrial structure. The text of the article describes the debate between Rep. Jon Hansen and Elizabeth Burns-Thompson regarding carbon pipeline projects in South Dakota.

### **SDFRW Issued a Resolution and Press Release calling on the U.S. Congress to Stand Against the Woke Left and Protect Mt. Rushmore**

“I never expect a perfect work from an imperfect man.”  
- Alexander Hamilton

Our Founding Fathers risked their lives to forge one nation under God, indivisible, with liberty and justice for all. They numbered among the most brilliant men of their time – yet, they were but men, and thus flawed.

Were the Founding Fathers perfect? No. But scrubbing them from history is foolhardy at best and dangerous at worst. As Cicero observed, “To remain ignorant of history is to remain forever a child.” If we are to escape the doom of repeating our mistakes, liberals must cease acting as children who refuse to face our national history, both glorious and horrendous. Rather than suppressing facts, we should learn from them – the good and the bad.

South Dakota Governor Kristi Noem calls Mt. Rushmore: “the greatest symbol of our freedom and history of the United States.” South Dakota’s lone U.S. Representative Dusty Johnson stated, “There is a reason that Mt. Rushmore is called the shrine to Democracy. When you look at those four leaders, they symbolize the greatest strengths of America, about our unity, about our coming together, about our march toward a more perfect union.”

Yet, Mt. Rushmore is under attack. Calls from agitators continue to mount, demanding our National Monument be demolished or destroyed. To ensure Mt. Rushmore endures as an embodiment of our nation’s history, Rep. Dusty Johnson introduced the Protect Mt. Rushmore Act, barring the use of federal funds to alter, change, and/or destroy Mt. Rushmore’s name or likeness.

The National Park Service (NPS) offers this graceful description of the monument: “Majestic figures of George Washington, Thomas Jefferson, Theodore Roosevelt and Abraham Lincoln, surrounded by the beauty of the Black Hills of South Dakota, tell the story of the birth, growth, development and preservation of this country.”

Yet, Biden’s NPS objects to the Protect Mt. Rushmore Act, calling it “unnecessary.” It seems the Biden Administration doth protest too much! In recent years, Thomas Jefferson was ripped from the New York City Hall; Abraham Lincoln was torn from Boston’s Park Square. Protestors toppled statues of George Washington and Theodore Roosevelt in Portland. Given the relentless ideological campaign to abolish any trace of these Founding Fathers, protecting Mt. Rushmore isn’t merely necessary, it’s imperative!

Accordingly, on July 24, 2023, the South Dakota Federation of Republican Women’s executive committee implored Congress to pass the Protect Mt. Rushmore Act.

Not only did SDFRW’s resolution get special coverage on the South Dakota War College, we also were featured in NFRW’s website and Captiol Connection Newsletter!! Each newsletter only features three stories from around the country, so it’s a terrific honor for SDFRW to be featured!

## **The South Dakota Federation of Republican Women Implores Congress to Protect Mt. Rushmore**

On July 24, 2023, the South Dakota Federation of Republican Women (SDFRW) Executive Committee adopted a resolution supporting the Mt. Rushmore Protection Act.

It reads:

**WHEREAS**, the National Park Service describes the monument as, “Majestic figures of George Washington, Thomas Jefferson, Theodore Roosevelt and Abraham Lincoln, surrounded by the beauty of the Black Hills of South Dakota, tell the story of the birth, growth, development and preservation of this country;” and,

**WHEREAS**, South Dakota Governor Kristi Noem calls Mt. Rushmore “the greatest symbol of our freedom and history of the United States. We can learn from the men on that mountain;” and,

**WHEREAS**, South Dakota’s lone U.S. Representative Dusty Johnson says, “There is a reason that Mt. Rushmore is called the shrine to Democracy. When you look at those four leaders, they symbolize the greatest strengths of America, about our unity, about our coming together, about our march toward a more perfect union. . . . We’re not perfect, but erasing our past won’t make us better;” and,

**WHEREAS**, Mt. Rushmore has been the target of political attacks demanding the monument’s demolition or destruction to further cancel culture and erase our national history; and,

**WHEREAS**, the Mt. Rushmore Protection Act would bar the use of federal funds to alter, change, and/or destroy the name or likeness of Mt. Rushmore;

**RESOLVED**, that the South Dakota Federation of Republican Women implores Congress to pass the Protect Mt. Rushmore Act sponsored by Congressman Dusty Johnson.

Local SDFRW Club: Aurora Douglas Federation of Republican Women

How long a member? 1 year

What are the club's activities?

We are a small new group, so we are still trying to figure everything out. This summer we are looking forward to participating in parades and booths at craft fairs.

Education: Dakota Christian High School and currently attending Black Hills State University for bachelor's degree in accounting with a minor in political science.

Professional Career:

Eventually hoping to be an accountant for a state department but currently I am serving as an Accounting Intern with Department of Labor and Regulation in the Fiscal Division in Pierre.

What is your greatest achievement?

Not giving up when life got hard and just fighting through all the different battles that came my way, and I didn't do it alone. Today, I continue to push myself to be my best.

Tell about your most exciting moment in life.

I have had a lot of exciting moment in life so far but one that stands out to me is my drive home from college for this past thanksgiving. It was exciting because I received the email that I was accepted to be a Legislative Intern. I just remember reading that email and then having to reread it because I didn't believe it the first time and then screaming from the excitement and shock in my car. My brain ended up going blank because there was to much running through my head at once. Looking back at that moment, that email has changed my life and opened so many doors.

Why do you belong to SDFRW:

To be supported as a young Republican woman and grow my friendships with the amazing women I have meet through SDFRW.

What is our greatest challenge as Republicans?

Seeing the low number of active college republicans but we are working on it.

Who is your favorite Republican and why?

Former President Trump because he stands for what he and many republicans believe.

Favorite quote or Bible verse:

“It is what it is” -Unknown

This just reminds me to continue when life isn't going as I planned but it is what it is, and you must continue.

John 14:27 Peace I leave with you, my peace I give unto you: not as the world giveth, give I unto you. Let not your heart be troubled, neither let it be afraid.

Any further comments:

I am currently the youngest member of Aurora Douglas Federation of Republican Women. Over this past legislative session, I worked for the South Dakota House of Representatives as a republican intern. I am also a proud member of my local Right to Life group, Tri-County Right to Life.

**RNC CHAIRWOMAN RONNA MCDANIEL**

Fellow Republicans,

We are only a couple weeks out from the Republican presidential primary kicking into full gear! The first debate is set to take place in Milwaukee on August 23<sup>rd</sup>, and I could not be more excited. Every one of our candidates taking the stage will present a far better vision for America than what Joe Biden and the Democrats are offering.

Americans stand ready to turn the page and with your help, that's exactly what we're going to do in 2024! That's why the RNC recently launched "Bank Your Vote", a nationwide campaign focused on maximizing pre-Election Day voting. With your help, our supercharged efforts to encourage, educate, and activate Republican voters on how to bank their votes as early as possible will ensure that we beat Joe Biden and the Democrats next year.

As RNC Chair, I have been travelling all over this great country and I can tell you, Republican enthusiasm is extremely high. Now, as primary season officially gets underway, it's time to turn that energy into action! Join us by gathering with fellow Republicans in your neighborhoods and communities to hold watch parties for the first official debate. Let's take advantage of the opportunity in front of us and begin to build the groundswell that will power us from now until November next year.

Thank you for all that you are doing for our party and for our country!

Thank You,

**RNC Chair Ronna McDaniel**

## Note from Grassroots Advisory Chair, Toni Anne Dashiell

Fellow Republican Leaders,

Thank you all for the incredible work you are doing! Your dedication and efforts are the driving force behind the positive changes we will make for our country. I am also grateful for your support and engagement in our mission to effectively communicate with the grassroots across the country. The response has been remarkable, and we are excited to translate this momentum into meaningful action. By uniting our various grassroots organizations, we have the opportunity to make a powerful impact on the upcoming elections, both locally and nationally, ensuring the success of Republican candidates up and down the ballot.

As we approach the first Republican presidential primary debate, we thought this would be the perfect time to turn our energy into action! We urge you to mobilize your organizations and host debate watch parties in your communities! These events will serve as a valuable opportunity to bring fellow Republicans together to hear from our candidates that all will be presenting a better vision for America than Joe Biden and the Democrats.

As always, your input is extremely valuable to us. We welcome your thoughts on what you'd like to see more of in future newsletters. Additionally, we encourage you to share your watch parties with us and on social media. Your stories of community engagement and its impact are the driving force behind our collective efforts.

God Bless,

**Toni Anne Dashiell**

## Message from the Grassroots Co-Chair, Pam Pollard

**TEAMWORK**

The excitement of the Presidential race is in full swing! For the Grassroots Advisory Committee, that excitement starts with getting our grassroots involved! Leadership and teamwork go hand-in-hand to produce winning results and there is no better way to build a team of volunteers than bringing them together for an event like the RNC Presidential Debate. No matter who our nominee is, we must work conjunctively to support our candidates and defeat the Democrats in November! Thank you for your leadership and together, we will build a WINNING TEAM FOR 2024!
