SDFRW CALL TO ACTION! AMERICANISM ACROSS STATE BORDERS

Americanism Across State Borders

By Catherine Barranco, SDFRW 2nd Vice President

Dear Friends,

We're blessed to call the United State our home. Yet, this November, we face the terrifying prospect of losing the country we love. To save it, we must do more than re-elect President Donald Trump. We must defend the Senate. As we saw in January, shameless Democrats will stop at nothing to impeach Trump. Ignoring genuine perils threatening America, they assail our President with outrageous allegations of imagined crimes. Leftists abhor this great man — who forged unprecedented trade agreements and tax cuts, who elevated our Black and Jewish communities more than any administration prior, who put Crist back in Christmas, defended the unborn, and protected our constitutional right to bear arms. The Democrat's irrational hatred runs so deep that they cheer the burning of cities, the murder of policemen, the collapse of our economy, and the sacrifice of fundamental liberty. Democrats believe a nation in flames will abandon its President. The horrifying truth: it might. Even if America re-elects Donald Trump, scheming Democrats will resume their attacks, with freshly fabricated charges. The last line of defense between the President and his removal is a republican Senate majority. Unless we hold the Senate, the conspirator's plot may succeed.

South Dakota voters will support President Trump, Senator Mike Rounds, Congressman Dusty Johnson, and other candidates fighting to defend our way of life. But we can do more. To save this nation, we MUST do more! John Thune and Mike Rounds, both strong American stalwarts, represent South Dakota. But few other states are so fortunate. Accordingly, The SD Federation of Republican Women calls all true patriots — men and women alike — to help bring victory to battleground states! Whether you prefer to stay home or travel, near or far, there are ways to join the fight. By contributing your time, talent, and treasure, you can make a huge difference.

Codington County Republican Women met on June 19 at the Pizza Ranch.

Jean Moulton, Retired Librarian and Teacher, was our speaker. She spoke on Critical Theory.

The Frankfort School, known more appropriately as Critical Theory, is a philosophical and sociological movement spread across many universities around the world. It was originally located at the Institute for Social Research, an attached institute at the Goethe University in Germany. The institute was founded in 1923, thanks to a donation by Felix Weil with the aim of developing Marxist studies in Germany.

After 1933, the Nazis forced its closure, and the institute was moved to the United States where it found hospitality at Columbia University in New York City - invited by progressive educator John Dewey.

Theorists were Max Horkheimer (1895-1973)

Theodor Adorno (1903-1969)

Herbert Marcuse (1898-1979)

Walter Benjamin (1892-1940)

Friedrich Pollock (1894-1970)

Leo Lowenthal (1900-1993) and

Eric Fromm (1900-1980)

Since the 1970s a second generation began with Jurgen Habermas.

Habermas embraced the research agenda of Critical Theory and significantly helped its development in American Universities starting from the New School for Social Research in New York.

In May, Brown County Area Women held two Zoom meetings.

Our first meeting was with Senator John Thune. Our second meeting was with the Mayor of Aberdeen Travis Schaunaman and City Councilman Josh Rife. Both meetings were informative and focused mainly on COVID 19 and the effects on our nation and local communities. Mayor Schaunaman put in time and effort to try to open the Aberdeen public water park with no avail but it was terrific to see a public official work so hard for the people of Aberdeen.

In June, We held our first meeting since the COVID 19 shut down. We held this meeting at the Moccasin Creek Country Club and our speaker was Sue Gates with the Dakota Prairie Museum and who also serves on the state board for the history of women's suffrage. Two interesting facts were that the Spanish flu caused shutdowns and difficulties in the women's suffrage movement, and 1918 is the year that South Dakota ratified the right for women to vote while the nation ratified the right for women to vote in 1920. That is why we celebrated Kristi Noem's election as historic as being the first woman governor on the 100th Anniversary of women's right to vote.

In July, We met on the fourth Thursday of the month and our speaker was Holly Hoffman from the TV show *Survivor*. She was a fantastic speaker and encouraged members to live up to their potential and not let fears stop them from living out their calling. We can have a voice in these very trying times in our country. There is a tremendous amount of fear in our nation right now but, we do not need to succumb to it. We can stand strong and be the leaders our country needs right now.

MEADE COUNTY REPUBLICAN WOMEN

This has been an unusual summer, but we are attempting to go about our business as usual as best we can. Our May meeting was done via ZOOM. We had a "Meet the Candidates" forum and invited the 6 people running for the State House and Senate. We made a \$100.00 donation to our local Women's Shelter in Sturgis.

June's meeting was also done via ZOOM. Our speaker was our own Terri Jorgenson who spoke on ballot issues coming up in November. She spoke mainly on the effects of marijuana and is a very good resource if anyone needs information on that subject.

Our club joined in an "Adopt a First Responder" event and adopted John Rhoden. He is a Meade County Deputy Sheriff and is the brother of Lt. Governor, Larry Rhoden, and of Lorie Hausmann. Club members presented him with a cherry pie. Thank you, John, for keeping the citizens of Meade County safe!

Several of our members attended the State Republican Convention in Rapid City at the Ramkota. It was enjoyable seeing good Republicans face to face.

Our MCRW club hosted the SDFRW Board of Directors meeting on July 11th in Sturgis. We had 25 members attend and had an enjoyable time. There was a mixture of reporting out, working groups, fun breaks, and good food. Thank you to all who traveled from across the state to attend!

The July meeting for MCRW was in person for the first time since March at Uncle Louie's in Sturgis. They are a restaurant that has never closed and accommodated our group nicely with a private room. (If you eat there, you get large portions and the price is very reasonable!) Our speaker was Lt. Governor, Larry Rhoden. He spoke on the effects of COVID as well as how well our Governor has handled this crisis. He took questions from the members. We sponsored a teen, Max Bartlett, to attend TARS camp which was happening at the time.

Our club is planning on contributing a portion of the registration cost to our members who plan to attend the SDFRW Convention coming up in September in Sioux Falls where Ben Carson will speak.

Our next event will be our Lincoln Day Dinner on Friday, September 18th. Trump 2020!
