MINNEHAHA-LINCOLN COUNTY REPUBLICAN WOMEN

Minnehaha Lincoln Republican Women held our August meeting in our new location, the Military Heritage Alliance at 1600 West Russell in Sioux Falls. Our speaker was the new Sioux Falls Chief of Police John Thum (pronounced toom). He joked about how disappointed people are when he shows up instead of John Thune! Chief Thum has 16 years experience on the force, but has only been in this job for about a month. MLRW is pleased to see many new faces at our meetings, and quite a few have become members. The reduced dues rate for the remainder of 2021 has been a very positive tool in recruiting new members. MLRW will honor the Mamie Eisenhower Project in September with new books for toddlers to teens being donated to a church in one of Sioux Falls' ethnic neighborhoods. We will also be donating new household items to Call To Freedom for their women rescued from human trafficking.

Cyberspace Republican Women

Another fantastic month for Cyberspace!

Republicans coast-to-coast tuned in to hear the renowned **US Senator Marsha Blackburn (TN)**!

We traveled across the “pond” to London, where we visited with **Dennis McGuinness** – a delightful gentleman full of fascinating stories! Dennis was originally with Scotland Yard before going into the Queen’s employ. There he was in charge of simultaneously running several of Her Majesty’s estates, including Hampton Court (the palace of King Henry VIII), Kensington Palace

(the residence where Princess Diana and Princess Margaret lived until their deaths), Kew Palace, Queen Charlotte's Cottage, and Whitehall.

We honored the heroes and the fallen from the 9-11 Terrorist Attacks as we heard the firsthand account of three-time Silver Star Recipient and 9-11 Survivor, **Lt. Gen. Tex Brown (Ret)**.

**** UPCOMING EVENTS ****

PLEASE NOTE: Due to the NFRW Convention, we will NOT be holding an end-of-the-month Zoom Call in September. Our next event will be a Coffee on the morning of Thurs, October 14. Save the date – it's going to be an incredible talk!

As the Border Crisis worsens, news broadcasts have become riddled with stories of Americans abducted by cartels and the Mexican mob, yet few of us truly understand what that means. Most of us imagine the Prohibition Era Italian mafia in which mobsters follow a form of civility, a code of conduct that allows violent retribution against those who cross the mob but protects civilians and innocents. The cartels and Mexican mafia are **nothing** like that. In our October Morning Coffee, we'll hear from **Major General Simeon Trombitas (Ret)**. Himself a Green Beret, Sim headed the Army's Special Forces. Now retired from the Army, his job is to travel to third-world countries, negotiate the release of hostages held by the drug cartels and mafia, and personally escort them home to ensure they make it back safely. Boy, does he have stories to tell!!

Join us **October 14th** at **9:00am CST / 8:00am MST** to learn what the cartels are really like and why it's so terrifying that the Border Crisis has allowed them to extend their reach way beyond the border, well into the United States.

South Dakota Americanism Project

Ladies, in our most recent BOD meeting I introduced our project for Americanism! We are looking to do a “Thank you” video in recognition of the Veterans you know and meet. We will be putting all the videos together and presenting this for a Veterans Day tribute on social media. We know just how important it is to never forget the sacrifice of our Vets and the battles they have fought and are still fighting today. In more recent days we absolutely want to ensure their sacrifice is not forgotten!

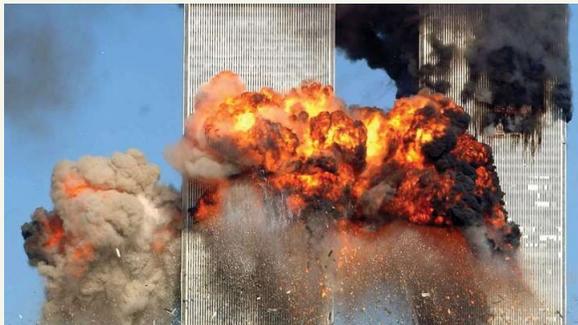

This great adventure cannot happen without all of you!! We need you all to do the following.

1. Get your Vet. Find a friend or family member, or actually...any veteran.
2. Take a quick video. (If you can't, take a picture on your phone, you can do this.
Ask them where they served, Rank and branch. Make sure to thank them!
3. Text the video to 605-940-5620. Include your Name and Club.

Ladies, please work to get the videos back as soon as you can. We recommended to try and keep videos to 2 to 3 mins if you can. Also, if a vet does not want to be on camera you can do a video and talk about the person you are highlighting. We want this to be ready sooner than later. Thank you all so much! I know how close you hold our military to your hearts. God Bless!

Construction began on Pentagon

Elizabeth Feinler- In 1960, Feinler joined SRI International as an information scientist leading the Information Research Department. In 1972, she became a part of Dr. Douglas Engelbart's Augmentation Research Center, where her work on the Internet started. It was her who pioneered and took charge of the first ARPANET (Advanced Research Projects Agency Network) and then the Defense Data Network (DDN) under a contract with the Department of Defense. Both of these early networks were the precursors of the Internet we know today.
