

RAZZLE DAZZLE & KIDS KONNECTION NEWSLETTER

October 2025

Halloween October 31st

If you plan on taking your children Trick-Or-Treating...here are some safety tips:

- Always accompany young children around the neighborhood. Having an adult present ensures that children stay safe, know the rules, and are guided through busy streets.
- Tell older children to remain in a group and stay in communication with you. Encourage them to look out for each other and to use their phones to check in, ensuring they feel safe and connected.
- Avoid homemade treats and inspect all candy before it's consumed. Store-bought treats are typically safer, and checking for tampering can help keep your little ghouls and goblins safe.
- Only go to well-lit homes. Well-lit houses indicate a welcoming environment and help to avoid potential dangers lurking in the dark.
- Do not enter any homes or cars for treats. Teach children to stay on the sidewalk and accept treats only at the door, helping to maintain personal safety and boundaries.
