

Practitioner Partner Application

We seek to empower children confronting cancer by partnering with holistic practitioners to provide free integrative therapies, supportive care, and informative workshops in conjunction with their chosen medical treatment.

Our goal is simple - to match our Power Kids with holistic practitioners in their area and cover the expense for a course of treatment sessions. There is an allotted amount designated per child and the number of sessions will be dependent on individual practitioner cost. All partners will submit their bills to Just In Power Kids directly on a monthly basis until the allotted amount has been used. We will strive to the best of our ability to pair patients with practitioners based on need and location. If you are interested in joining our network of practitioners, please submit the following application to the address below. All approved partners will then be sent an agreement/contract.

Practitioner Name: _____

Address of Practice: _____

City _____ State _____ Zip _____

Phone: _____ Email: _____

Type of Practice/Modality: _____

What will you charge JIPK per patient visit: _____

How many JIPK referrals are you able to accept per month: _____

Would you have interest in holding a workshop/experience for children? If so, what kind?

Do you have malpractice/liability insurance? _____

Do you have course work or a certificate/license/degree in the modality you are practicing?

From where? _____

Have you ever had any legal action taken around your license/certificate/degree or your practice? If so, please explain

Please submit completed application to:
