

## CERTIFICATE OF ANALYSIS

Product Name: VIJAYCO® Hi Speed Virgin Grade PP Strapping Roll

Product Use: PP Strapping roll is mainly used for all tying purposes.

Application:

- Manual Use (Using Hand Tools)
- Semi-Automatic Strapping Machine
- Fully Automatic Strapping Machine
- Pneumatic Strapping Tool
- Heat Sealing Strapping Tool
- Ultrasonic Strapping Tool

Material Used:

- Primary Material
  - 100% Virgin Polypropylene
  - PP / LDPE Coloured Masterbatch
- Secondary Material
  - Stretch Film
  - Corrugated Sheet Rounds
  - Corrugated Box
  - Barcode Labels

Melting Point:

- 160 Deg. Cel.

CAS Number:

- 9003-07-0

Choice of Colour:

- White / Red / Yellow / Pink / Orange / Transparent. Others on request

Choice of Width:

- 5mm / 6mm / 8mm / 9mm / 12mm / 15mm / 19mm

Thickness:

- 0.35mm to 1.00mm

Tensile Strength:

- Available in variety of tensile strength.

Hazards Identification:

Material when in its melt form can cause thermal burn on the skin.

Thermal processing of strip may generate fumes and vapours which may cause irritation to the nose and throat.
