

PRIORITY ACTIONS FOR FRIENDS TO JOIN THE EFFORT TO PRESERVE AND STRENGTHEN DEMOCRACY

1. Establish an Affinity Group within your Community or Meeting to address the stress and uncertainty of this moment. This will also help you stay grounded if non-violent direct action is called for. It's important to remember that Non-Violence must be central to any future strategy for action.
2. Volunteer for a US congressional or senatorial candidate in your local area.
3. Contribute financially (if able) to a candidate of your choice.
4. Learn about election regulations and laws that govern your jurisdiction and support local officials who oversee elections (Visit <https://ProtectOurElection.com>) for guidance.
5. Work with others in coalition on voter education, registration and voter turnout.
<https://ChooseDemocracy.com> and <https://Indivisible.org> are trusted leaders in this effort.
6. Work on Election Day by volunteering to become a poll worker or watcher, or for any candidate's campaign.
