Thank You

Thank you for celebrating Wonderland with us.

We're so proud of this cast and the wild, vibrant world they've built together.

Maven Movement is a Calgary-based adult dance company heading into our 10th season. What started as a one-class wonder with 16 dancers has grown into a community of over 200 movers, performers, and creatives. We offer both performance and training programs—and we're here to challenge the idea of what dance is supposed to look like and who gets to do it.

Whether you're here for your best friend, your sibling, your partner—or just because you love a good show—thank you. Your support means the world to this cast, and to all of us at Maven
