LEGENDARY KEVIN KERN

Recipe of the Month from Kinsley's Shoprite

# Salmon, Mango and Quinoa Bowl

## Ingredients:

### Makes 2 Servings

- 1 Cup Light Coconut Milk
- 1 Cup Low-Sodium Chicken Stock
- 1 Tablespoon Curry Powder
- 1 Teaspoon Honey
- 1 Cup Quinoa, rinsed
- 2 Cups Baby Spinach
- 2 (6 ounce) Skin-On Salmon Fillets
- 1/2 Teaspoon Kosher Salt
- 1 Tablespoon Canola Oil
- 1 Large Mango (about 1 Cup), diced
- 1 Cup Red Cabbage, shredded
- 1/2 Cup Cucumber, peeled and diced
- 1 Tablespoon Cilantro, chopped
- 1 Tablespoon Fresh Basil, chopped
- 2 Lime Wedges (optional)

## Directions:

1. In a medium bowl, bring coconut milk, stock, curry powder and honey to a boil. Once boiling, add quinoa and cover. Reduce heat to low and simmer for 15 to 20 minutes, until most of the liquid has absorbed. Add spinach; stir and cover. Allow to sit for 5 minutes.
2. Season the salmon with salt. Heat oil over medium-high heat in a skillet. Once the oil is hot, place salmon skin-side down and cook for 4 minutes, until the skin is golden and crisp. Flip salmon and cook for an additional 3 minutes, until the salmon is cooked to your liking and flakes easily with a fork.
3. Divide quinoa between two plates and top with salmon, mango, cabbage, cucumber, cilantro, basil and asqueeze of lime juice if desired.

## Phantom Security Services

By: David Manento Jr.

### Attacks in Crowded and Public Places

Take steps to prepare, protect yourself and help others in the event of a mass attack.

#### Types of Mass Attacks:

- Individuals using firearms to cause mass casualties (Active Shooters)
- Individuals using a vehicle to cause mass casualties
- Individuals using homemade bombs to cause mass casualties
- Other methods used in mass attacks may include knives, fires, drones or other weapons.

#### Prepare Before:

Always be aware of your environment and any possible dangers. If you see something, say something to local authorities. This includes suspicious packages or items left unattended, people acting in a clearly suspicious or threatening way or strange or threatening messages, either in person or online.

#### Observe Warning Signs:

Signs might include unusual or violent communications, substance abuse, expressed anger, or intent to cause harm.

#### Have an Exit Plan:

Identify exits and areas to hide wherever you go, including work, school and special events.

#### Learn Lifesaving Skills:

Take training such as first aid to assist the wounded before help arrives.

#### Survive During: RUN, HIDE, FIGHT

Getting away from the attacker is the top priority. Leave your belongings behind and get away. Call 911 when you are safe and describe the attacker, location and weapons. Cover and hide if you can't evacuate. Find a place to hide out of view of the attacker. Lock and block doors, close blinds and turn off lights. Keep silent. Fight ONLY as a last resort. Be aggressive and commit to your actions. Recruit others to ambush the attacker with makeshift weapons such as chairs, fire extinguishers, scissors, books, etc. Take care of yourself first and then help the wounded get to safety. Call 911 when it is safe to do so.
