American Legion Auxillary at Mrs. Bushes BBQ for the Veterans

A Summer BBQ Celebration for Our Veterans

Our Veterans enjoyed a delightful Summer BBQ generously provided by American Legion Post 927 and the Ladies Auxillary!

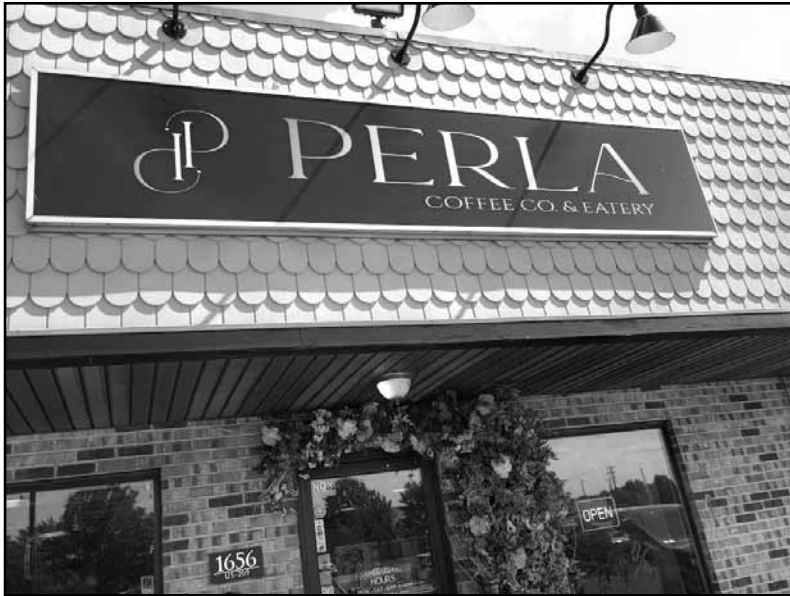

The menu featured grilled hot dogs, refreshing salads, tangy slaws, beer, and soda—a feast filled with delicious food and wonderful company.

We are incredibly grateful to our local American Legion Post 927 for all the support they give to our Veterans.

Grilled Citrus Lobster Tails with Arugula Salad & Fresh Strawberries

Bright, citrusy, and elegant, this grilled lobster salad is a celebration of fresh summer flavors. The sweet, tender lobster pairs beautifully with peppery arugula, crunchy pecans, and juicy strawberries - all brought together by a zesty lemon-orange vinaigrette. It's a showstopper of a dish that feels like a seaside escape on a plate.

Ingredients:

Makes 4 Servings

- 1/4 cup Fresh Lemon Juice
- 1/4 cup Simply Orange Juice
- 1 tsp Lemon Zest
- 1 tsp Orange Zest
- 3 tbs Olive Oil
- Colavita Premium Selection Extra Virgin Olive Oil, 68 fl oz
- 4 Lobster Tails (about 6 ounces each)
- 1 package (5 ounces) Arugula
- 1/2 cup Chopped Pecans
- 1/2 cup Thinly Slices Radishes
- 1 cup Thinly Sliced Strawberries

Directions:

1. In a large bowl, whisk lemon juice, orange juice, lemon zest, orange zest and 1/4 teaspoon fresh ground pepper; whisking constantly, slowly drizzle in oil until emulsified. With scissors, cut underside of tails lengthwise down center; with fingers, spread apart slightly to expose meat. Transfer 1/2 the lemon juice mixture to small bowl; brush over meat and let stand 20 minutes.
2. Prepare outdoor grill for direct grilling over medium-high heat. Place tails, cut side up, on hot grill rack; cover and cook 10 minutes or until meat turns opaque throughout and internal temperature reaches 145 degrees, turning once.
3. Add arugula, pecans and radishes to remaining lemon juice mixture; toss. Makes about 8 cups.
4. Serve arugula salad topped with lobster tails and strawberries.

How You Can Stay Safe During Hot Weather

Increased humidity, even when temperatures are not extreme, can make it feel hotter. Additionally, climate trends suggest that we are likely to see hotter days and more extreme heat waves. Hot and humid days disproportionately affect residents with underlying health conditions and people who work or exercise outside. People without access to air conditioning and those who live in urban areas face even higher risks, because hard surfaces and less tree canopy make hot days even hotter.

Here are some ways to make sure you and your family, friends and neighbors are prepared to stay safe during hot and humid weather:

- Stay informed about heat alerts, which are issued by the National Weather Service and publicized by local media.
- If you are planning to be active outdoors, check the current and forecasted Wet Bulb Globe Temperature with the National Weather Service. This temperature measures heat stress in the direct sunlight, which is a calculation of only temperature and humidity.
- During extreme values of 88 degrees Fahrenheit or higher, be very cautious outside and cancel outdoor activity until the Wet Bulb Globe Temperature drops below 88 degrees.
- During high values between 86-88 degrees F. limit duration of outdoor activities to one hour or less and plan to take a 45- minute break after each hour of work outdoors.
- Stay hydrated by drinking plenty of fluids, especially water.
- Stay cool by wearing a hat and lightweight, light-colored, loosefitting clothing and visiting an air conditioned space when you need to.
- Avoid or limit exercise during the hottest hours of the day, typically between 10am and 5pm. Pace yourself and take breaks in the shade or air conditioning.
