Aloo Tikki Chaat

Ingredients:

Makes 6 Servings

- 3 Large Russet Potatoes, Peeled, Boiled and Grated
- 3/4 cup Bowl & Basket Specialty chana dal, soaked overnight
- 1 tsp Bowl & Basket chili powder
- 1 tsp Bowl & Basket turmeric
- 1 tsp Bowl & Basket ground cumin
- 1 tbsp Bowl & Basket cornstarch
- 3/4 tsp salt
- 1/4 tsp ground black pepper
- 1/4 cup chopped fresh cilantro, plus more for serving
- 2-4 tbsp Bowl & Basket vegetable oil, for frying
- 1 cup Bowl & Basket whole milk yogurt, for serving
- 1/4 cup cilantro and/or tamarind chutney, for serving (optional)
- 1 tbsp cooked sev (fried vermicelli noodles) for serving

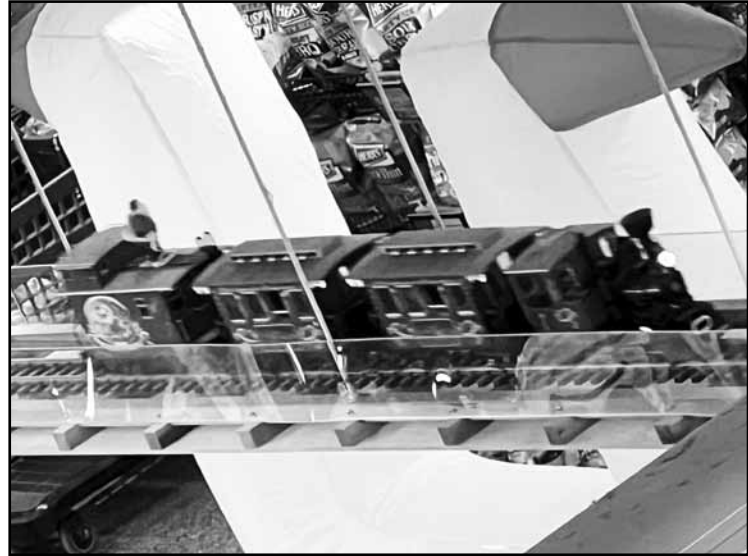

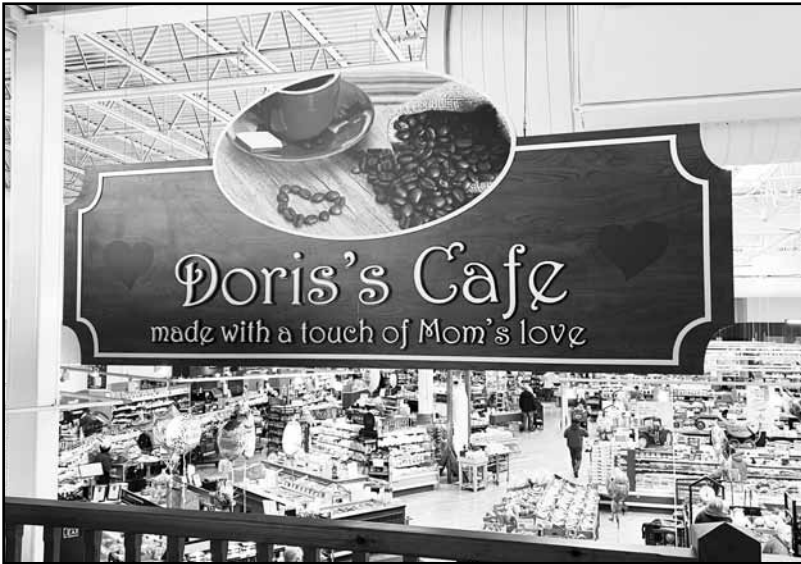

Directions:

1. Set aside cooked grated potatoes until ready to form the aloo patties.
2. Cook pre-soaked dal in a pressure cooker with 1/2 cup water on MANUAL setting for 9 minutes. Quickly release steam manually and remove the cooked dal; drain off excess liquid.
3. Heat a teaspoon of canola oil in a medium saute pan, then add spices and the cooked dal mixture. Stir and cook mixture for 2-5 minutes or until all the liquid has evaporated. Remove from heat and mash the lentil mixture to a smooth consistency. Transfer mixture to a bowl, add chopped cilantro and set aside to cool completely.
4. Mix cornstarch, salt and pepper into the cooked, grated potatoes and gently knead/mix into a smooth dough.
5. To shape the aloo tikki: take 2 tablespoons of the potato mixture and roll it into a ball. Make a well in the center of the potato ball and fill it with 1 tsp of the mashed lentil mixture. Do NOT overfill. Close the edges to seal, then reroll and gently flatten into a patty shape. Repeat until all aloo tikki are shaped.
6. When ready to fry, heat oil in a large heavy-bottomed saucepan over medium heat. Pan fry the aloo tikki, a few at a time, until golden brown on each side (about 3 min a side). Remove from oil and place on a paper towel-lined plate until ready to serve.
7. When ready to serve: Whisk yogurt for 15-30 seconds to smooth out the consistency and remove lumps. Place aloo tikki on a plate, drizzle with yogurt, then top with chutneys, sev and fresh cilantro, as desired.

Valentine Intergenerational Program

We brought together smiles, stories, and sweet Valentine fun through our intergenerational program! Spending time with different generations creates meaningful connections that benefit everyone involved.

Intergenerational programs help:

- build friendships across ages
- boost confidence and communication skills
- reduce loneliness and isolation
- encourage learning, laughter, and understanding

The joy on every face says it all – love truly has no age limit! We're grateful for these special moments that bring our community closer together.

Carbon Monoxide: The Invisible Killer

The Hidden Hazard in Your Home: Carbon Monoxide is an odorless, colorless gas that often goes undetected, catching victims off guard or in their sleep.

The invisible killer is produced by burning fuel in cars or trucks, small engines, stoves, lanterns, grills, fireplaces, gas ranges and furnaces. When the gas builds up in enclosed spaces, people or animals who breathe it can be poisoned. Ventilation does not guarantee safety. Anyone can be at risk. The CDC says infants, the elderly, and people with chronic heart disease, anemia or breathing problems are more prone to illness or death, but carbon monoxide doesn't discriminate.

Winter can be a prime time for carbon monoxide poisoning. As the weather turns colder, it is important to take extra precautions. The National Safety Council recommends you install a battery-operated or battery backup carbon monoxide detection in the hallway near each sleeping area in your home. Check to replace the battery when you change the time on your clocks each spring and fall, and replace the detector every five years.

The National Safety Council recommends these additional tips:

- Have your furnace, water heater and any other gas or coal-burning appliances services by a qualified technician every year.
- Do Not use portable flameless chemical heaters indoors.
- Have your chimney checked and cleaned every year
- Never use a gas over for heating your home.
- Never use a generator inside your home, basement or garage, or less than 20ft away from any window, door or vent.
- Never run a car in a garage that is attached to a house, even with the door open

When the Carbon Monoxide Alarms Sounds:

- Immediately move outside to fresh air
- Call the gas company, fire department or 911.
- Do a head count to account for everyone
- Do no re-enter the premises until emergency responders have given you permission to do so.
