

# **Cinque Ports Pest Control Covid 19 policy**

## **Our position**

Pests will always pose a threat to public health and safety even during the Covid 19 Pandemic. It is critical during this time that the monitoring (in high-risk sites) and the control of pest still takes place.

As pest management professionals, we will continue to offer our pest management service to protect public health unless the delivery of these services is prohibited by our clients or the UK government.

**John Lacey**

Cinque Ports Pest Control

Covid 19 policy, client communication prepared by Cinque Ports Pest Control with support from our trade association, the British Pest Management Association (BPCA).
