

SUN CITY CRUISERS CAR CLUB

Dear Cruisers Club members,

I am Alan Greenberg and have recently been elected President of the Cruisers Car Club effective January 1, 2026. I follow the club's first President Randy Gast, whose steady hands have helped to steer the club through year 1, putting us in a position for continued growth & success.

Founded in the Fall of 2024 by Randy Gast, Rob Wilkinson and Bruce Cooksey, the SCS Cruisers Car Club has come a long way since its inception. During 2025 (year 1), club successes have included;

- The establishment & maintenance of a high-quality club website (Thanks to Rob Wilkinson)
- The club's very popular Cars & Coffee is the first Thursday of each month, where members gather with their rides, enjoy each other's company and catch up on club happenings
- Monthly Cruises to both close by and distant destinations (that includes sites of interest, GOOD FOOD and always friendship)
- Visits to car shows, auto museums and other local automotive attractions
- Quarterly meetings that now include **a light dinner** organized by our club's "hospitality team".

So, what's in store for the Cruisers Club in year 2? The 2026 Board plans to maintain the club's positive momentum, grow membership, further enhance our beautiful club website, encourage greater member participation in all phases of club activities. Our focus will include:

- Greater utilization of the Club's awesome website

- Our **very first car show** on April 25th, “member only participation” **Show & Shine** at the Pinnacle Parking Lot (open for viewing by Sun City residents)
- Enhanced member participation at meetings and other club functions
- Better syncing our Cruises to Club members tastes
- Successfully plan and implement a club "**FIRST**" in September, an **OVERNIGHT** visit to the magnificent Tuacahn Amphitheatre in close by Ivins, UT to attend the Broadway show **GREASE**
- Schedule guest speakers identifying topics of interest as shared by club members
- **CONTINUED CLUB GROWTH** by increasing the number/quality of local activities, targeted advertising and member word of mouth. (**Greater satisfaction of our club members** is an integral part of our strategy).

The Cruisers Club is meant to be a place of enjoyment for its members. We have a wide variety of cars, old & new. **THIS IS CERTAINLY POSITIVE.** And car owners who absolutely love their rides. That said, a major part of our focus in year 2 is to get a better feeling for our members' interests - trip destinations / distances, guest speakers, spur of the moment activities, etc. To accomplish this mission, we will need the support of **ALL OF OUR CLUB MEMBERS.** Improving member attendance \ participation at club functions, sharing ideas, requesting members to pick out an area of interest and **get involved. But most of all, dust off that beautiful ride and join your fellow members.**

At the very least, join your fellow Cruisers members at our quarterly membership meetings (**Jan 20, Apr 14, Jul 21, Nov 17**).

PS - Please do not hesitate to contact me with questions, comments, suggestions etc.:

Thank you and have a safe and healthy 2026!

Alan
