

Compost Sale

Community Compost Composers is having another compost sale
on Saturday May 17th, 2025 from
9:00 am till noon

4925 March Road, Almonte

(approx. 1 Km east of the traffic circle, watch for our sign on the gate)

Planting season is here and what better time to incorporate some locally produced Fungal Dominant Compost in your gardens and get this year's plants off to a good start.

This year we are encouraging you to bring your own container that we will fill for you, and as in previous years, we will also be offering our 10L buckets for \$20, and 2L bags of sifted compost @ \$5.

While you are here, we would love to show you how we make our fungal dominant compost and how easy it is to make your own. We will be taking orders for our assembled bioreactors during the sale for those who are interested in this environmentally friendly way to add health to your soil and plants and give meaning and purpose to your fall leaves.

**Hope to see you on Saturday
May 17th!**
