

SENDTIVATE

Seeing Possibilities

EMPOWERING FUTURE PATHWAYS

Holistic Approach

The centre offers a holistic approach to personal development, focusing on building life skills, social integration, mental health support, and vocational training.

Life Skills

Offer practical life skills programs to promote independence in daily living, such as budgeting, cooking, personal care, time and money management.

Employability Training

Provide career development, vocational training, and job readiness programs to increase readiness for employment. Offer guidance on further education opportunities and traineeships/apprenticeships

About Us

Through a tailored, person-centred program, our day centre aims to equip young people with the skills and confidence to successfully transition into adulthood, secure employment, or pursue further education opportunities.

REGISTRATION BEGINS 1ST FEBRUARY
