top 20

Week 9 proved to be another easier week with the avg correct tallying 8.98 making it the 2nd easiest week this year so far. Quite a few prognosticators took advantage of that fact and created a lot of movement in the rankings. As a result, we have a new leader! Glyn Bethune takes the top spot after going 12-3 and there is now a 4 way tie for 2nd with Tony Myers, Lee Glaze, Larry Gamble and David Rankin all only being 1 game back. Jerry Jackson sits in 6th along, only 2 games back. Everyone in the top 10 are within easy striking distance. The end of the year winning score is usually between 62-67% correct which means that everyone is still in it. The Top 20 after Week 9 are:
