Our next meeting will feature Jennifer Edwards who will discuss/demonstrate how to do a painting of an interior space.

Guest artist and presenter was Jeannette Cuevas.

- She draws the image onto the paper. Then wets the paper and staples it onto the gatorboard.
- When it is dry she tapes the paper down.
- She does a wet underpainting thinking about what colors she wants to peek through the pastels.
- She uses photoshop to enhance darks and lights.
