To whom it may concern,

I am reaching out to express my gratitude to the staff at Legacy Tactics. I have been in law enforcement for over 25 years and have been a member of our SWAT team for over 15 years. The two-day CQC course was the most comprehensive and well-instructed course I have ever been a part of during my entire career. The relevant tactics and techniques are vital skills that will allow my officers and myself to perform better than before and be much safer. This class allowed me to start a foundation of tactics for us to build on. I was able to provide 15 officers with 16 hours of training, totaling 240 man-hours of instruction that were taught in a way that made the information clear to understand and retain. One of the critical factors for me was not only that the material was instructed well but why it was necessary. Anytime you teach tactics to a group that already has a way of doing things, it is easy to go through the class but leave with the "that was cool but not what we do." Legacy Tactics was able to explain and demonstrate why what was being taught had advantages to the point where every one of my operators asked that we do our best to get them back.

Again, thank you for the training and willingness to work with us. We will absolutely be looking to Legacy for our future SWAT training.

Lt. Clifton Graves

Palm Bay, FL Police, SWAT Commander.
