

Ravi Seethapathy

Expert Advisor (Smart Grid/Smart Cities and Energy Systems), Speaker, Corpora...
4d

I had the pleasure of visiting Jakarta, Indonesia earlier this month, to give several talks as the "Ambassador" of the Global Smart Grid Federation (GSGF). I thank Chair/Presidents of GSGF, PJCI (host), PLN, BPPT, Indonesia Power and others for their time and interest in the various discussions (Smart Grid, Renewables, DER Hosting, Energy Storage, Rooftop Solar integration, Off shore wind, Small Nuclear, Rural Energy Access, Off-Grid Hybrid Systems, etc.).

Special thanks to Reji Pillai (Chair GSGF) and Eddie Widiono Suwondho (Chair PJCI) for the opportunity.
