

## *It All Started When...*

Friends and family knew, anytime they visited Anahid and Aram, they would eat well! They would be treated to delicious Armenian and Middle Eastern food that was beyond anything that they could prepare at home themselves.

First came the mezze platters with boreg and dolma... then the beautifully decorated spreads alongside warm fresh pita... then the mouth-watering kebabs, perfectly grilled to be juicy and tender... then all the handmade pastries you can imagine. Combined with plenty of drinks, good music and fun friends... every meal felt like a true dinner party.

Word got around that Anahid and Aram were excellent chefs and they began being asked to sell their home-made delicacies. Soon a specialty catering business was born and a short time later they opened Krichian Foods, a little luncheonette that specialized in catering. Over the years, the business continued to grow in popularity and it was clear a new and larger space was needed.

After years of hard work, Anahid and Aram's dream of a full restaurant became reality. In 2010 Krichian's Grill & Bistro celebrated a grand opening.

Thank you for coming and continuing the tradition of enjoying Anahid and Aram's recipes and hospitality. Enjoy.
