

My Ethos

At the heart of all my work is the health and wellbeing of my customers and the environment. It is important to me, that all NMP products are made from the best quality ingredients, that they deliver amazing fragrances and also meet my own very high standards when it comes to their ecological credentials.

All our processes and ingredients are 100% eco/vegan friendly and cruelty free, right down to the packaging!

We are also a true family run business and you will often find our four children in the kitchen with me, getting stuck in making/creating their own melts and testing new fragrances! They are my harshest critics which is the way it should be!

About Me

I (Helen) first began learning and experimenting with candle making in 2015. Over the years I have, with the help and support of my wife and children, perfected my methods and I am excited to finally bring you Norfolk Melting Pot!

All NMP products are 100% handmade from my kitchen in Attleborough and we enjoy welcoming budding makers and home fragrance enthusiasts into our home for workshops!

I am also very excited to be able to launch my brand new resin products and now offer resin craft workshops alongside the candle/wax melt workshops!

Group Workshops

Are you looking for a unique way to celebrate a special occasion with friends/family?

Whether it's a hen/stag do, birthday, anniversary or just an excuse for a get together I am happy to help make it special for you all!

I can run workshops for all groups sizes. Please contact me for a quote and to discuss options and packages!

Workshops

I am happy to be able to offer a range of workshops either from my home in Attleborough or in a location of your choice.

Below are the main workshop options I can offer but if you have a specific request please contact me and I will always accommodate if it is possible to do so.
