Now Greet the Swiftly Changing Year

Pastor Weinkauf

Now greet the swiftly changing year, With joy and penitence sincere.

Rejoice! Rejoice! With thanks embrace, Another year of grace.

Remember now the Son of God, And how He shed His infant blood.

Rejoice! Rejoice! With thanks embrace, Another year of grace.

This Jesus came to end sin's war; This Name of names for us He bore.

Rejoice! Rejoice! With thanks embrace, Another year of grace.

With Him as Lord to lead our way, In want and in prosperity,

What need we fear in earth or space, In this new year of grace! LSB 896

This marvelous hymn, 17th Century Europe, once 15 stanzas, reduce to 7 in our hymnal. You only have 4 verses here, but what may strikes you is the repeated last line, *Another year of grace...In this year of grace.*

Will 2026 be an amazing year for your family, with the economy improving, interest rates lower, gas prices coming down, world peace? We have the 250th US anniversary celebrations, Winter Olympics, FIFA even in KC and what family celebrations? Or you know the upcoming year will have some ongoing trials, upcoming life changes, you know certain things may unravel, your job uncertain, and the country may have great challenges.

Do not let the world and an unknown future drive your emotions and create anxiety. Do not let the news upset you. Do not let your environment determine your attitude and treatment of others. Do not let the world or evil things, uncertain things rob you of the joy of Christ.

Some may find it hard to sing hymns with gusto such as the sentiment of that hymn 896 and others like it, oh what the new year will bring?

Maybe we have been troubled by the fear or dread of the future for a long time. The hymn so wonderfully draws us out of our angst and into the knowledge of Romans 8 and its poignant question: If God be for us, who can be against us? We struggle to believe those words. We want to but our knowledge of all the things that are wrong in the world and in our lives are too much for us and we tend to surrender our hope to the dread. How sad it is!

Whether the world is looking up or things are unraveling, whether the new year brings new hope and prosperity or going to hell in a hand basket, God is with us. Think back in January 2020, could anyone imagine what was soon to happen in the next month and the following 2 years.

Where is your hope, where is your encouragement to be found? You have certainty in your Lord's works and promises enfolding for you right now.

Consider what you have to offer your family, your neighbor, your co-workers, the stranger in 2026, what great opportunities lies ahead. We live under the banner of His love, by the power of His grace, confident of His favor, and with hope toward the eternal future Christ has prepared for us. We ought to do more than provide 'lip service' to this hope. We ought to not join in with the world more than anxious thoughts. Be able to give answer to the hope in us –you should have it to offer! The gifts of God exceed not only what we need for the coming year but also -what we dread. So go ahead and sing the hymn. Sing it loud. Sing it boldly. Gratitude is the answer to our fears. We live by grace just as we have been saved by grace. Thanks be to God! Another year of grace!

Another 500th Anniversary!

Using the historical Divine Service of the Church, the pattern of worship God's people has been using for thousands of years, Luther will introduce to the German people the Divine Service form in their own language, with key exceptions to address errors Rome introduced.

First, it cut out the doctrinal errors of Rome that were introduced in medieval times, while retaining all the ancient parts. Parts cut were that ascribed the Sacrament was a "re-sacrifice of Jesus" and turned the Sacrament and other parts into a work of man. By participating, you would merit God's grace. Also he cut parts unbiblical, based in superstition and/or teachings of man.

Secondly, it was completely written in the German language. This marks the first time in 1000 years! that the Divine Service is completely in the language of the people; since the Early Church when Latin was the common language of the people.

Thirdly, it continued the efforts to have the hymns and liturgy chanted and sung by the congregation as most singing in the medieval church had gravitated to be done by choirs only.
