RE: 2020 Presidential Election Manipulation and Fraud

Dear and Honorable Supreme Court Justices of the United States of America:

Our nation has been infiltrated and hijacked by an "Invisible Enemy" that is far more dangerous, damaging and deadly than any CONCEPT of an alleged "virus." Our nation has been hijacked by a philosophical and spiritual enemy that goes by many names: Socialist, Communist, Marxist, Dictatorial and Tyrannical.

This enemy uses all forms of media, including Hollywood, television programming, cartoons, commercials, music, music videos, video games, advertisements and news stations to herald deceptions, lies and propaganda that are strategically designed to plant seeds of godlessness, immorality, perversion, indecency, filth and violence into the minds of our citizens - particularly and especially into the young, malleable, impressionable, easily influenced and vulnerable minds of our children and youth - all of which is intended to sow confusion, discord and irresponsibility. Thereby does this enemy establish a nation of dumbed-down, stupefied, enslaved servants. Thus, dividing our Nation.

Along with the mainstream media industries referenced above, which the enemy owns and operates, this manipulative and destructive enemy is using technology and social media platforms to not only influence and manipulate the citizenry through discrimination and censorship - a manipulative and controlling form of social engineering - **it is now manipulating, stealing and changing votes during Presidential Elections.**

Our Republic is under attack and losing.

It is more than obvious to the intelligent, thinking, rational citizens left among us - scattered about the USA as we may be - that this 2020 Presidential Election has been hijacked, manipulated and made fraudulent by the enemy. As an honorable citizen, I hereby implore you to order that our 2020 Presidential Election be deemed invalid and void. It must be audited over several months and/or redone in one day - just as election day, November 3, is ordinarily done in one day.

Whether the mainstream media driven "Coronavirus Global Pandemic" is real or not - and, yes, there are a multitude of scientists, doctors and health practitioners, including PhDs from MIT, who refute its authenticity (please see TheBigVirusHoax.com) - it is certain that the alleged "pandemic" was used to interfere with the usual and ordinary voting process that takes place in one day on November 3rd. With the strategic aid of a "pandemic" the enemy secured for itself three additional months whereby to scheme, plot and plan voter fraud. Certainly, the scheming, plotting and planning went on for nearly four years throughout the entire Presidency of Donald J. Trump. Hence, they were well organized and well prepared to have all their willing participants along with boxes full of fraudulent votes placed in select places in counties throughout swing states to oversee election sites and election results.

Programming and conditioning people for several months to isolate themselves for fear of an alleged "virus" and calling for mail-in ballots provided the perfect opportunity to manipulate the vote count. Three months is more than a sufficient length of time to prepare and place at strategic locations boxes full of fraudulent and invalid votes. Votes from dead people, repeat voters, mass duplication of votes, ballot stuffing, pro Biden/Harris election workers slipping fraudulent and invalid ballots into the system, mail carrier fraud, voting machine glitches and voting machine tampering and manipulation would account for hundreds of thousands of votes being unethically and illegally cast in favor of Biden/Harris. There is substantial evidence that all of the aforementioned did take place. This does not even include the hundreds of thousands of votes for President Donald J. Trump that could have easily been maliciously and wrongfully set aside, taken away and destroyed by Democrat election workers who hate and despise our President.

Given the obvious hate-based motivations that have been evident throughout the entire first term of President Donald J. Trump, given the motives and opportunity to sabotage this 2020 Presidential Election, I hereby urge, encourage and implore you to do the right thing and find this 2020 Presidential Election to be invalid and void. Please order that the entire 2020 Presidential Election be audited and/or redone in 1 day.

Given the opportunity and propensity for technological manipulation of voting machines, which depend upon human made and controlled software, algorithms and flip switches that can change votes from one candidate to another, it is imperative that we return to paper ballots.

Please see to it that we have a legal and fair 2020 Presidential Election. Please extend the term of Donald J. Trump's Presidency, if such is within your power, until this matter can be rectified.

Thank You!

Very Sincerely,
