

Dear Governor Ron DeSantis of The Great State of Florida:

Here is your opportunity to shine. Here is your opportunity to stand above all other Governors and be an example unto each and every one of them.

As Proud and Patriotic Floridians we kindly and respectfully ask and urge you to implement the following Executive Order:

"In concert with Federal Civil Rights Laws and Federal Regulations under the United States Constitution, Bill of Rights, Civil Rights Act of 1964, Americans with Disabilities Act, Title III, and 42 U.S.C., and due to ongoing inconsistencies in the application, observance and practice of these laws, which has resulted from media induced fear over alleged "invisible enemies," I hereby order as follows:

No business operating anywhere within the entire State of Florida that has been classified, designated and defined by the Federal Government as a 'place of public accommodation' shall discriminate against, limit or in any way whatsoever restrict any person from obtaining and experiencing the same full and equal access to and enjoyment of the goods, services, facilities and accommodations provided therein - regardless of whether or not that person is wearing a face mask, face cover, face shield or any other device or apparatus attached to their face, head or body. All 'places of public accommodation' within the State of Florida are hereby ordered to comply with the Federal Laws referenced above and this Florida Executive Order. All law enforcement agencies and police officers within the State of Florida are hereby ordered to enforce the above referenced Federal Laws and this Florida Executive Order."
