Urban Slate

2025 New Product

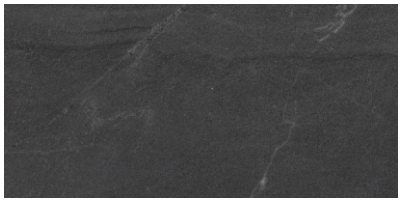

Color Shown: 12" x 24 Charcoal

Urban Slate is an incredibly versatile stone, used for centuries as a fundamental building material. This porcelain slate-look tile series was crafted by an award-winning design team. This tile line captures the essence of slate's durability and resilience. Urban Slate features a diverse range of colors and multiple design screens that mimic the wide variations found in real slate. Additionally, its low water absorption makes it an ideal choice for floor and wall applications.

Specifications*	All field tiles are sold in full cartons. Mosaics and trims, are sold per piece.

Valcanneto

Legacy Tile
Flooring Distributors

Color Shown: Beige Matte

Valcanneto is a blend of two popular natural stone, limestone and pulpis marble. The limestone provides the backdrop with its soft sand-like movement and the pulpis marble provides the beautiful fine detailed veining. The beauty of this natural stone inspired collection is enhanced by its chiseled edge, creating an authentic marble look.

POWERFUL & FLEXIBLE PROTECTION

It is tear resistant, waterproof, breathable, flexible and built with an anti slip self adhesive coating that keeps it in place.

It also has a special absorbent layer integrated on top of the woven material so that liquids do not pool on top of the protection mat while still giving it breathability. This special layer also gives it extra tensile and tearing strength.

EASY MULTI USE MAT

Simply roll it out, overlap it and bend it around corners, frames, baseboards, and more and then you can focus on simply getting the job done.

Use it on a variety of surfaces such as ceramic, natural stone, hardwood, stairs, counters, tables, furniture and much more.

SAVES TIME, MONEY & THE ENVIRONMENT

Since it is quick to install, requires no tape to connect overlaps and is reusable, it saves you time and money.

Also, thanks to its 100% recycled and pollutant-free production, it is environmentally friendly and thermally disposable.
