Tested by the Market...Expanded for you!

PilotPLUS+

What is PilotPLUS+ ?

PilotPlus+ is Legacy Tile's way of testing, expanding, and responding—faster and smarter than ever before. It allows us to introduce exciting new tile series, evaluate real-world demand, and give our customers access to a broader range of products without sacrificing efficiency. Every element of the PilotPlus+ logo carries meaning.

“Pilot” - Defined !

Tiles identified as “Pilot” are carefully selected test series we believe have strong market potential. These products are being introduced to measure customer interest and sales performance. If demand supports it, a Pilot series or a portion of it may transition into a full Legacy Tile stocked program—meaning your interest directly helps shape our future offerings!

“PLUS” - Why?

The “PLUS” represents expanded access. While these tiles are not part of Legacy Tile’s regular stocked inventory, they are a factory program available to you with a lead times of just 3–4 weeks. PilotPlus gives you more options, more flexibility, and more ways to meet your customers’ needs.

“+” - Explained

When you see an additional plus (+) in the PilotPlus+ logo, it means even more is available. This indicates that the series could include additional colors, sizes, styles, or trims beyond what is featured in our catalog or showroom. Our sales team can help you explore the full offering and find the perfect fit for your project.

LOOK FOR THE LOGO....

When you see the PilotPlus+ logo, you’ll know the product represents innovation, opportunity, & possibility... Legacy Tile is actively working alongside you to define what’s next. Have questions or want to explore expanded options? Contact your sales representative—we’re here to help.

Calm Repose

Color Shown: Spiced Chai

Calm Repose is a ColorBody™ product and is a commercially rated 12" x 24" rectified porcelain tile that is available in four harmonious colors. This tile offers a generous surface area that enhances its visual impact. The tile's surface texture, reminiscent of rich earth tones, adds a layer of interest and depth to any space. Its calming color palette, ranging from gentle grey/beige to warm dark brown, creates a sense of unity and tranquility when installed. Being rectified, this four color line may be mixed creating an elegant dark light combination. This tile is not just a floor covering, but a design element that brings a touch of serenity and elegance to your space.

City Scapes

The City Scapes collection has been inspired by industrial & artistic ambience where different cultures & architectural styles have generated interest in this design. The soft cement look but rough & textured feel makes this perfect for any modern and contemporary interior. The strength & durability of this porcelain can be found behind the softness of six neutral colors. The smooth honed surface creates a sleek & clean appearance.

Specifications*

All field tile is sold as full cartons. Mosaic, trims, liners and accessory pieces are sold per piece.

Decoration and design, simplicity and creativity. Rich in potential, the world of Foundry is the epitome of strong yet delicate style. A perfect fusion of contrasts. A blend of glossy and shaded colors re-imagine design concepts overcoming creative challenges and merging with retro-style geometric patterns to create innovative design solutions suitable for the home or business. The subtle balance between aesthetic style and function enhances the beauty of this wall tile. The metallic shades and geometric patterns of the ceramic Foundry collection create welcoming, glamorous spaces with timeless style.

Urban Slate

Color Shown: 12" x 24 Charcoal

Urban Slate is an incredibly versatile stone, used for centuries as a fundamental building material. This porcelain slate-look tile series was crafted by an award-winning design team. This tile line captures the essence of slate's durability and resilience. Urban Slate features a diverse range of colors and multiple design screens that mimic the wide variations found in real slate. Additionally, its low water absorption makes it an ideal choice for floor and wall applications.

Specifications*

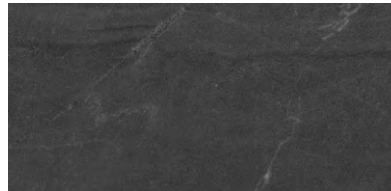

All field tiles are sold in full cartons.
Mosaics and trims, are sold per piece.

Valcanneto

Valcanneto is a blend of two popular natural stones, limestone and pulpis marble. The limestone provides the backdrop with its soft sand-like movement and the pulpis marble provides the beautiful fine detailed veining. The beauty of this natural stone inspired collection is enhanced by its chiseled edge, creating an authentic marble look.

POWERFUL & FLEXIBLE PROTECTION

It is tear resistant, waterproof, breathable, flexible and built with an anti slip self adhesive coating that keeps it in place.

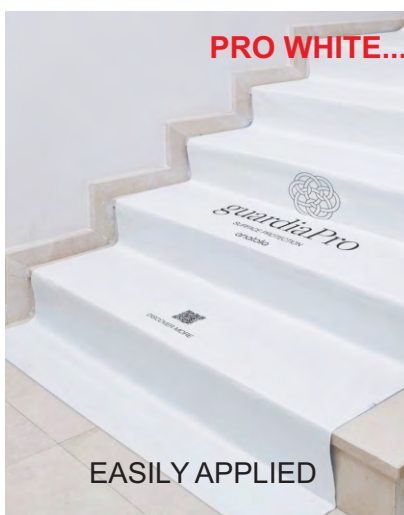

It also has a special absorbent layer integrated on top of the woven material so that liquids do not pool on top of the protection mat while still giving it breathability. This special layer also gives it extra tensile and tearing strength.

EASY MULTI USE MAT

Simply roll it out, overlap it and bend it around corners, frames, baseboards, and more and then you can focus on simply getting the job done.

Use it on a variety of surfaces such as ceramic, natural stone, hardwood, stairs, counters, tables, furniture and much more.

SAVES TIME, MONEY & THE ENVIRONMENT

Since it is quick to install, requires no tape to connect overlaps and is reusable, it saves you time and money.

Also, thanks to its 100% recycled and pollutant-free production, it is environmentally friendly and thermally disposable.
