

Boys & Girls Empowerment Group Inc.

Envision a place where who you are and the conditions that surround you don't determine your access to experiences and opportunities. Through community support, the Boys & Girls Empowerment Group is turning this vision into realty in Vallejo, CA. The Boys & Girls Empowerment is a non-profit organization that intentionally supports the improvement of confidence, well-being and community connection of all members through basic need support services, experiences and advocacy.

Our mission is simple: to assist young people, specifically those who lack meaningful experiences and opportunities, in reaching their potential as productive, mindful, well-balanced young people. We do this by providing service opportunities that assure successful engagement with community members that include: neighborhood empowerment community clean ups, providing free meal boxes every Saturday, sponsored annual school supply kit giveaways and the hosting of various holiday gift celebrations in North Vallejo that are always free to participants, providing equitable access to all.

Currently, our youth members are afforded year-round community service opportunities, outdoor and travel experiences coupled with culturally and socially educated adult mentors, that allow them to observe and model character growth and citizenship, while building a healthy and accomplished life. We assure all members are on track to graduate high school, supporting their action planning for the future.

We are excited to partner with local businesses and influencers for new future programming that includes art academies taught by Museum of Children's Arts Arts of Oakland, CA, Digital Media Literacy workshops, Community Resilience Model (trauma) and Youth Mental Health First Aid training.

The Boys & Girls Empowerment Group believes every youth has the capacity to build a happy, healthy
