## *Child Liability Policy*

The risk of injury from the activities involved in a childcare program occur, and while particular health and safety procedures may reduce this risk, the risk of injury does exist; and, parents should assume such risk both known and unknown, even if from any negligence of the program or others, and assume full responsibility for child participation in the program. The parent releases and holds harmless the center and its staff of any and all injuries, damages, property and loss while child is present or receiving care.
