## Summary

---

I am an innovative and diligent interior designer with a passion for sustainability and inclusivity through accessibility. I am seeking a challenging design position where I can apply my collaborative skills and commercial design experience using Revit and AutoCAD to create impactful spaces. I bring a cheerful outlook, strong work ethic, and a commitment to delivering high-quality results while working closely with clients and teams.

## Skills

---

- Revit
- AutoCAD
- Enscape 3D
- Adobe InDesign, Photoshop, Illustrator
- Bluebeam
- Microsoft Office

- Evidence Based Design

## Experience

---

### Interior Designer | Four Point Design | Indianapolis, IN | January 2024 – Present

- Utilize Revit to design complex specialty care and inpatient hospitals facilities in multiple states including Indiana, Arizona, and Texas.
- Meet with clients to ensure design objectives align with project goals and budgets.
- Manage design presentations, make selections, and collaborate with contractors and vendors for seamless project execution.
- Prioritize and manage multiple technical projects simultaneously. Report directly to Principal Designer

### Interior Design Student Intern | K2M Design | Indianapolis, IN | January 2023 – November 2023

- Produced commercial designs and technical solutions under the supervision of architects and designers.
- Selected colors, finishes, and materials and maintained the resource materials library.

### Account Designer | Facility Concepts | Whitestown, IN | October 2022 – December 2022

- Work with team of interior designers and engineers to produce innovative commercial designs from concept to completion including custom furniture fabrication and design.
- Utilized AutoCAD to complete multiple proprietary floor plans for local and national corporate restaurants.

### Interior Design Student Intern | Facility Concepts | Whitestown, IN | May 2022 – August 2022

- Collaborated with a team of interior designers to provide commercial design solutions including custom furniture fabrication and design, and commercial space planning.
- Created presentations for the company president to use during sales pitches.
- Developed CAD blocks and line drawings for custom furniture designs.

### Design Assistant Preceptorship | South House | Lafayette, IN | November 2021 – January 2022

- Implemented seasonal designs in commercial locations.

## Professional Associations

---

Student Design Organization Member | Purdue University Indianapolis | January 2022 – December 2023

International Interior Design Association Member | Indiana Chapter | August 2018 – Present

SDO Individual Student Design Award | Purdue University Indianapolis | March 2024
