A newspaper once carried an article that read:” half of the City Council were crooks.” Under threat of arrest, the writer retracted the statement to read, “half the City Council are not crooks.”

AN APPLE A DAY KEEPS THE DOCTOR AWAY, BUT IF HE'S SINGLE AND HANDSOME, SWITCH TO ORANGES!

THOUGHT FOR THE DAY

My wife and I were reminiscing about when we met when I mentioned that she used to have a coke bottle figure. “I still have a coke bottle figure”, she smiled” only now it's a 2 liter. “

What does it mean when a man is in your bed gasping for breath and calling your name? You did not hold the pillow down long enough!

Doesn't it bother you when people litter? Their most creative rationale for throwing an apple core out the window is, “it will plant seeds for other trees to grow”. And of course our highways are lined with apple trees, right next to the cigarette bush!

I headed to the highway and began hitching, and within 3 minutes, I got picked up by one of those huge trailer trucks carrying 20 brand new cars. Went to the side of the cab and opened the door and the guy said, "I don't have much room in here why don't you get in one of the cars in the back?" So, I did. He was really into picking up people because he picked up 19 more. We all had our own cars and then he went 90 miles an hour and we all got speeding tickets!

The other day, I went to work with both ears bandaged. My boss asked me what happened. "I was ironing a shirt when the phone rang, and I accidentally answered the iron instead of the phone." "Well, that explains 1 ear, but what about the other ear?" "The person called back!"

I love the way everybody is getting fancy job titles. Gas station attendants are now called 'petroleum consultants'. They saunter over. "I'd recommend the 89-octane unleaded. It's an unpretentious little fuel with a surprising kick. Would you care to sniff the nozzle?"

One Day My housework challenged husband decided to wash his sweatshirt. Seconds after stepping into the laundry room, he yells, "What setting do I use on the washing machine!?" "That depends," I yelled back. "What does it say on your shirt?" "OHIO STATE", He says. And he's not even blond!

A small display at the fish hatchery where I work describes a now extinct fish, the Michigan Grayling. TOURIST: "Is this Grayling still extinct?" ME: "Yes Sir! It no longer exists." TOURIST: "Any thoughts of bringing it back?" ME: "I don't think that's possible." TOURIST: "Why not?" ME: "Because it is extinct." TOURIST: "STILL!"

First reporter, "What shall I say about the peroxide blondes who made such a fuss at the Ball Game?" Just say, "The Bleachers went wild!"

As you know some of us have trouble with all the new technology. I had a problem yesterday with my computer, so I called Eric, the 11-year-old that lives next door. Eric clicked on a couple buttons and solved the problem period as he was walking away, I called after him what was wrong with it? It was an ID 10T error he replied I didn't want to appear stupid but nevertheless I inquired. And ID 10T error what exactly is that? You haven't heard of ID 10T errors before?

He smiled, write it down and you can figure it out, so I wrote it down IDIOT. I used to like the little jerk!

A middle-aged man walked into a bar and ordered a beer and a shot. He drank the beer and poured the whiskey in his pocket. He did this with every drink. After 6 beers and six shots he became belligerent. He demanded to be served another drink, but the bartender said NO. Again, he demanded to be served another drink or else he was going to jump over the bar and beat up the bartender. Suddenly a mouse came out of his pocket and yelled, "and that goes for your cat too!"

Joe slapped his buddy, Tom, on the back. "How ya doing?" He asked, "And when did you start wearing a bra?" "Ever since my wife found it in the glove box," said Tom.
