

Puppy Contract

Waddell Kennels

714 Hitchcock Cemetery Road

Sparta, GA 31087

Breeders:

Darla 478-456-4979

Wayne 478-457-6524

We hope you enjoy your new puppy for many years to come. We have taken steps to ensure that your puppy is healthy.

The Breeder guarantees the puppy to be healthy at the time of the sale. Although the puppy has been treated for intestinal parasites, it is not uncommon for some puppies to still have them. The purchaser should have the puppy examined within 5 business days of pick up by a licensed veterinarian. If the examination indicates that the puppy is unfit for purchase due to illness or disease you may return of the puppy, along with veterinarian's documentation of health issue for a full refund of your purchase price. Breeder reserves the right for a certified veterinarian to check the puppy before a refund is issued.

Vet records are included in this packet. Vaccinations should continue until a total of 4 puppy shots are administered. Contact your veterinarian for more information on shots and intervals between shots.

There is no guarantee that the purchaser will be able to show or breed the puppy.

Purchaser should keep the puppy current on all vet care including shots, deworming, and heart worm treatment.

Seller advises that it is a good idea to keep the new puppy separate from other dogs until the veterinarian has given it a clean bill of health.

Feeding: Your puppy has been started on 4 Health (Tractor Supply) – Lamb and Rice. A small bag comes with your puppy.

Puppy should be fed the amount it will consume 2-3 times per day. Any change in food should be gradual to prevent upset stomach.

If there is ever a need to rehome this dog for any reason, please contact Waddell Kennels. We will be happy to take the dog back or help to find it a new home.
