CUSTOM KNITWEAR PROGRAM

## THE GIFT OF NOSTALGIA OF HAPPY TIMES OF BEAUTIFUL MEMORIES

Welcome to Ellsworth + Ivey!  
We're here to help you wear what  
you care about :)

Ellsworth + Ivey has always been  
an ode to my late grandmother,  
Shirley Ellsworth. I designed our  
original Nantucket sweater  
because it reminded me of the  
incredible memories I had with  
her on that island. More than 10  
years later, our pieces continue  
to be a reminder of some of life's  
happiest moments.

At Ellsworth + Ivey, we're proud to  
offer a hand-picked selection of  
customizable knitwear for your  
business. Let us help you custom-  
ize the knit of your dreams!

Thank you for your continued  
support :)

# ARTWORK APPLICATION SELECTION

### Intarsia

Our most popular application choice! Intarsia knitting is when the artwork is knitted INTO the sweater as flat artwork.

**Best for:** Text and lines

**Not great for:** Extremely detailed artwork, circular art

### CHAIN STITCH

When the artwork is knitted ON TOP of the sweater in acrylic producing a raised handfeel.

**Best for:** cursive text, intricate designs

**Not great for:** thicker text

### SEQUINS

Who doesn't like a little flare on their sweater?

**Best for:** any artwork

**Not great for:** sequins are actually a great fit for almost all artwork

### Tinsel Cording

metallic tinsel cording sewn directly on top of the sweater

**Best for:** continuous line artwork and script text

**Not great for:** Extremely detailed artwork - if you don't want sparkle!

### Embroidery

traditional embroidery, it has a harder patchlike surface

**Best for:** Extremely detailed work or very small artwork

**Not great for:** thick letters

### Chenille

a raised soft, feather acrylic yarn knitted directly on top of the sweater

**Best for:** lettering

**Not great for:** Extremely detailed artwork
