New Orleans

The tasc Difference

Innovative, uncompromising, and responsibly made active lifestyle apparel. Products created for comfortable and functional movement, with sustainable performance and clean design.

“We believe that clothing, in its most authentic expression, is about living well.”

-Todd Andrews, CEO & Co-Founder

Bamco®

- Original fabric, created from bamboo & invented by tasc
- Protected by closely held trade secret.
- Technical process: optimizes the natural feel and inherent characteristics of plant-based fibers, using no chemical performance treatments.

Comfortable

Moisture Wicking

UPF 50+

Anti-Odor

No Chemicals

Durable

We are committed to offsetting our carbon footprint, reducing waste, and fostering a healthy and positive work environment.

- 75% of our products are made from natural fiber blends.
- 100% of the power required to run our primary sewing facility is generated from solar + wind.
- 120% of the local wage and benefits paid to our factory team. Housing and food subsidies are provided + skill-training programs for the disabled.
- 95% of the water used in our fabric dyeing process is recycled and reused (remaining 5% naturally evaporates). Our garments are shipped in bags made from 100% recycled material.

Since the founding of the company, tasc has created 12 proprietary fabrics, all of which are:

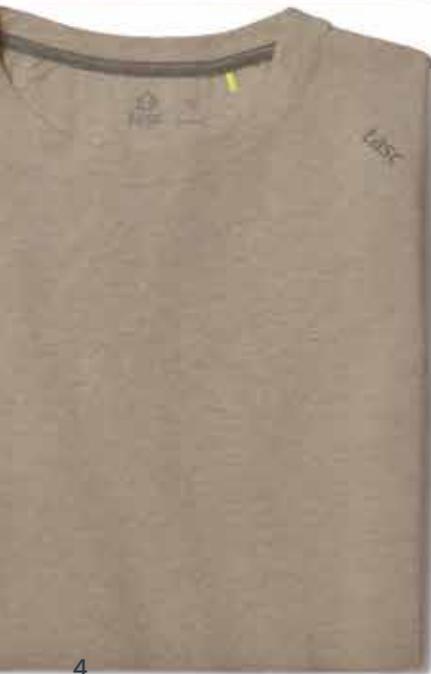

- Highly technical and functional
- Exclusive to the brand
- Designed to provide the consumer with a unique + better experience.

Fall Winter 2026
