

Levels of Consciousness: Spiritual/Truth Providers - Nov 2021

The souls of channellers and truthers.

Below are the average levels of consciousness (Dr David Hawkins' Scale of Consciousness from 0 - 1000) for various information providers from the spiritual community, updated November 2021.

Levels of Consciousness: Spiritual/Truth Providers - Nov 2021

We have observed in our testings that there seems to be a correlation between levels of consciousness and ego-based (fear) teachings or soul based (love) teachings.

Ego/fear based teachings are those - often given in good faith without intention to cause fear - where the spiritual information providers are telling us to avoid certain situations (eg spike proteins) or try to warn us about potential issues (eg food shortages).

Soul/love based teachings are those where information is shared without judgement for judgement only comes from the ego.

Channellers:

Some of the information providers are giving us channelled information in which case both the channeller, the source and the message have been tested.

You may find that some of your favourite spiritual truth providers are not listed here. It may be that we are not aware of them (yet!) so please contact us if you would like us to include others on this list.

Please note that the spiritual truth providers you know may not be on the list as we have only included those whose level of consciousness tests at near 500 or above (the level of love). There are many spiritual truth providers who test in the 100s, 200s, etc whose information is influenced heavily by ego, who we have not included in this list.

Our testing has shown that all of the tarot card readers we tested resonated at well below 200. This may be because tarot cards themselves test as being disconnected from source energy and instead are connected with dark energy.
