- Delivery timelines are subject to weather and site readiness.
- Please review the attached Tree Information Guide for planting and care instructions.

If you have any questions regarding your order, please contact RC Trees Ltd. prior to delivery.

Tree Information Guide

RC Trees Ltd.

This guide provides helpful information on selecting, planting, and caring for spruce and pine trees purchased from RC Trees Ltd.

Tree Varieties Available

- White Spruce – Hardy, fast-growing, excellent for windbreaks and landscaping.
- Blue Spruce – Premium ornamental tree with distinctive blue foliage.
- Scots Pine – Strong, adaptable evergreen ideal for shelterbelts.

Planting Guidelines

- Plant as soon as possible after delivery.
- Dig a hole twice as wide as the root ball.
- Ensure the root collar is level with the ground.
- Water thoroughly after planting.

Watering & Care

- Water deeply during the first growing season.
- Mulch around the base to retain moisture.
- Avoid overwatering or compacting soil around roots.

Warranty & Responsibility

Tree survival depends on proper planting, watering, and site conditions. RC Trees Ltd. is not responsible for losses due to weather, soil conditions, or improper care unless otherwise stated in writing.
