**Mission: To bring life changing resources to families living in fragile communities**

**Vision: Upward mobility for all**

**Programming: Overview, Data and Impact**

All data contributes to one of our four core strategies.

## Strategy One

Support parents in providing quality care to children through parental education/home visits

## Strategy Two

Educate students on college and career readiness opportunities including the trades

## Strategy Three

Expand eligibility for childcare to working families who do not meet the minimum income threshold

## Strategy Four

Promote mental health services to individuals and families
