

The Pandemic's Digital Shift Keeping Your Organization Resilient And Secure

The banner features the CyberArk logo at the top left and the text 'Your Webinar on Demand' at the top right. A central image shows a woman working on a laptop while talking on a mobile phone. Text overlays include: '- IS YOUR ORGANIZATION READY FOR REMOTE WORK?' on the left, and '- Secure Privilege. Stop Attacks.' and '- Harnessing Privileged Access Management (PAM) to Minimize Risk' on the right. The main title 'The Pandemic's Digital Shift Keeping Your Organisation Resilient And Secure' is centered below the image. At the bottom, it lists 'Organized by escm', the date 'JULY 14 TUESDAY', the time 'Manila Time GMT+08:00 14:30-16:00', the CyberArk logo, a 'CLICK HERE TO JOIN OUR GUEST LIST' button, and a 'SCAN ME TO REGISTER' QR code.

A. Event Brief

With the prolonged COVID-19 pandemic ranging globally, many organizations in Philippines and all around the world have asked their employees to work from home. This has created more cybersecurity challenges which constitutes the perfect breeding ground for cyberattacks. Privileged accounts, and the access they provide, represent the largest security vulnerabilities an organization faces today. With a dramatic rise of remote workers and workstations, organizations must quickly and adequately address infrastructure and productivity needs while enabling the remote workforce in a secure way.

To respond to this challenge, Escom together with CyberArk will present you an approximately two hours webinar discussion at 14:30-16:00 PM, July 14th 2020, (UTC/GMT+08:00, Tuesday) under the theme of "The Pandemic's Digital Shift – Keeping Your Organisation Resilient And Secure". This webinar will unite the Philippines Cybersecurity Experts, IT Professionals, IT Directors and CIO/CISOs from large organizations and enterprises to share and exchange their IT expertise, latest cybersecurity challenges and best practices that help you to understand and respond to the evolving cyber challenges in the "new normal".

Event Name: The Pandemic's Digital Shift – Keeping Your Organisation Resilient And Secure
Event Date: 14:30-16:00 PM, July 14th 2020, (UTC/GMT+08:00, Tuesday)
