PCRC Conservative Book Club

The PebbleCreek Republican Club's Conservative Book Club was started last November. We have read the following books and had lively discussions about the books and just enjoyed discussion among other Republicans.

We attempted to have our July meeting on ZOOM and despite several RSVP's, no one attended.

This is very frustrating and we would like to know if there is interest in continuing this club.

We are reading one book every 2 months and there are lots of great books out there and lots of free time at the moment.

If you would like to see the Book Club continue and/or have some books to suggest, please contact member Indy Rebhun at indyrebhun@gmail.com.
