Tustin, CA 92780

Re: Letter of Recommendation

Dear Mr. Pocock,

This letter is in recognition of the excellent design services as provided to Bomel Construction over the course of years and the various design-build parking structure projects in our Southern California region. Your attention and dedication to each individual project is of great importance and value to the success of all our projects and often results in achieving our company goal of establishing "Clients for Life" with repeat clients and creating new potential clients and other design team members impressed with your team approach, progressive design and value engineering. We look forward to the next opportunity of working with you and your team.

It is our pleasure to recommend Pocock Design Solutions for any future plumbing and mechanical design to any owner, design-builder or general contracting team.

Sincerely,

A handwritten signature in blue ink that reads "Mike Lucio".

Mike Lucio
District Manager
Bomel Construction Company, Inc.
