

Gary Wilson is the head coach for the Greensburg Salem varsity girls soccer team. He has been coaching soccer for over 20 years. Gary started out coaching youth soccer with Norwin Soccer Club and Murrysville Area Soccer Association before moving to Greensburg. He has experience coaching boys and girls at all age levels. Before coaching at the high school, he coached at the middle school level (boys and girls) for 7 years.

Gary is very passionate about the sport and about providing opportunities for the players to have fun, grow as individuals, receive encouragement, and be an active part of the Greensburg community. As part of this program, he will be enlisting the help of players from both the boys and girls Greensburg Salem varsity soccer team to help mentor and coach and kids.
