

Taylor Carpellotti is a graduate of Greensburg Salem High School and is currently completing my undergraduate degree in Marketing and Accounting at Mercyhurst University. Cheerleading has been a lifelong passion, and she has had the opportunity to cheer at the collegiate level for Mercyhurst.

During her time at Mercyhurst, she helped establish the first STUNT team in Pennsylvania and at the university. Their program has since advanced to the Division I level and proudly earned a third-place finish at Nationals last season.

Taylor is passionate about sharing her knowledge and love of cheer with young athletes. She is excited to help your children grow in skill, confidence, teamwork, and to introduce them to the many opportunities the cheer world can offer.
