

★★★★★

VALERIE BEVERLEY

FOR VIRGINIA HOUSE OF DELEGATES

69TH DISTRICT

Valerie is stepping forward with a bold agenda focused on equity, opportunity, and smart, people-centered policy.

Centralized Healthcare for Public Service Workers – Valerie supports placing public service workers into a statewide healthcare pool, helping to reduce costs and expand access—especially for rural counties where options are limited and premiums are extremely higher.

Clean Energy for a Clean Future – She will push for investment in renewable energy solutions that not only protect the environment but also create sustainable jobs right here at home.

Fair Wages for Domestic Workers – Domestic labor is essential work. Valerie will fight to ensure domestic workers are guaranteed living wages, protections, and dignity.

Education Academies for Our District – To close opportunity gaps and build pathways to success, Valerie will work to create innovative education academies that focus on academic excellence, vocational training, and workforce readiness.

Valerie Beverley is running to be a voice for working families, rural communities, and everyone ready for real, practical change in the 69th District.
