Note [1]: The frame number on most **CT70** models is located on the frame, directly above the front drive sprocket. If you read **CT70**-xxxxxx you have a three-speed automatic and if you read CT70H-xxxxxxx you have a manual clutch model.

Note [2]: All frame numbers over 2500004 are noted by year. There is currently an uncertainty of where the frame number is located, but if it is not imprinted as mentioned in note [1], please look on the steering head or under the tank. Another clue can be that Honda placed a sticker on the frame that reads i.e. "1977 Model"
