Pre-wedding questionnaire

Please use this form below to tell me as much about your day as you can. I realize that it might not be entirely relevant as every wedding is different but hopefully you can use it to let me know where people will be, and when, and what is happening! The more I know about the day in advance the better!

The idea is that I can have a comprehensive timeline so I can put together my own itinerary and ensure I am always in the right place at the right time and that your wedding photography coverage is totally awesome!

Photos

- Group photo list:

Please list any specific group photo lists you want here. Obviously, it is your day, and I will do my best to get all the photos you want, but keep in mind that even with the best ushering in the world it can still take 4-5 minutes to find and arrange a group of people for a photo - so try keep the numbers of shots small - no more than 5 or 6 is ideal.

- Designated photo helper:

It's often super helpful if you can nominate an usher/friend/bridesmaid etc (or 2!) to help arrange and corral the people for the above photos and to help keep things as smooth and quick as possible on the day. Ideally someone in the bride/grooms party who knows most of the key people and someone happy to shout and organize people! Often I'll reach out to them before the wedding to say hello and make sure they've got a copy of a list of the images we need. If you could list the ideal candidate here and also their email/phone numbers - that would be great!

- Other Photos and info:

Anything else I might need to know - photos you specifically want? Portrait locations you would like to use? Family politics I might need to be aware of?? Anything at all...
