CONTACT BY PHONE OR TEXT

**636-399-1999**

**BY APPOINTMENT ONLY**

Services are performed in a luxuriously clean and private setting by certified ANT/MNT's and are soakless/waterless and performed with emollients and moisturizers. Implements are sterilized or disposable and NEVER reused. All services are approached with your wellness in mind! Care perfect for discerning clients and individuals with chronic conditions.

### ★ Client Favorites

# FEET

## Absolute Pedicure

**\$55.00**

★ This is a streamlined service that concentrates exclusively on the grooming of the nails and cuticles. Moisturizing the skin and a **clear coat** of polish are included. Perfect for our clients who require routine foot care! (Doesn't include a complimentary bottle of polish)

30 min

## ★ THE Pedicure

**\$85.00**

Our most requested pedicure service! Our time will be invested in concentrating exclusively on the care of your feet. Moisturizing and exfoliating the foot, tailoring the nails and cuticles, a relaxing foot massage and polishing.

60 min

## The Pedicure PLUS

**\$100.00**

With this service, we provide not only the same exceptional services as provided in THE Pedicure, but we also amend it to tailor the service to meet our client's needs! We have expanded upon our most requested pedicure by 30 minutes and add any items from our plus menu that our guest would like and can be completed within the additional 30 minutes! Extend your massage? Add French Polish?

Amend with Essential Oils? You have 90 minutes.... Go!

90 min

## Prosthetic Nail Patch (Per Nail)

**\$30.00**

Do you have a broken or cracked nail? Don't cut! We can help! If you have a deep crack or a chip out of a nail, we can apply a prosthetic patch that can grow out with your nail!

15 min

## Prosthetic Nail (Per Nail)

**\$80.00**

A podiatric antifungal gel nail that can be applied directly on skin. Clients who experienced the full or partial loss of a nail now have an option! By protecting the nail bed during healing, it can better enable our natural nail to grow back safely and keep the nail bed soft and receptive, protect the tender skin, and avoid the hard callusing that can inhibit and detrimentally affect the smooth growth of a new nail.

Time May Vary

## Nail Refinement

**\$35.00**

The smoothing of nail(s) via Efile, better enabling favorable results during a pedicure. Nails that may qualify for this service may be ridged or thickened due to trauma. Excessive debris removal from under the nail will also require this additional charge.

*Gift Certificates and Cards Available!*

# HANDS

## Absolute Manicure

**\$40.00**

This is a streamlined fingernail service that provides grooming of the nails and cuticles. Moisturizing the skin and a **clear coat** of polish to protect the nails included. Perfect for our clients who need routine finger nail care! (Doesn't include a complimentary bottle of polish)

30 min

## ★ THE Manicure

**\$55.00**

Our most requested manicure service! Your time will be spent concentrating exclusively on the care of your hands. Moisturizing and exfoliating the hand, tailoring the nails and cuticles, a relaxing hand massage and polishing.

45 min

## The Manicure PLUS

**\$70.00**

With this service, we amend THE Manicure to meet our client's needs! We have expanded upon our most requested manicure by 15 minutes and add any items from our plus menu that our guest would like and can be completed within the additional 15 minutes! Extend your massage? Add French Polish? Amend with Essential Oils? Your IBX Treatment? Yes!

60 min

## ★ Dazzle Dry Manicure

**\$65.00**

A Dazzle Dry manicure is a wonderful way to lengthen the beauty and appearance of your manicure while also adding a bit of strength! We have a growing library of Dazzle Dry Polishes for you to choose from!

45 min

100% Cancellation fee (Cost of services scheduled and missed) and credit card information must be provided to our payment processor.

Prepayment of services to reserve appointment times if two or more appointments missed without notice.

## OUR COMMITMENT TO CARE

We would like to take this opportunity to explain some of the precautions and steps we take at Pedicure Plus to ensure Our clients safety as well as our own. Since our beginning we made best-in-class sterilization and cleanliness our hallmark. Our practices, from the day we opened, exceed the current CDC regulations.

During these unprecedented times we would like to reassure our clients of how our continued practices fully prepare Pedicure Plus to neutralize the potential of unnecessary exposure to infection within our facility.

### Before Your Service

Our trained ANT/MNT/FNT technicians are prepared to assist our clients using protocols that best suit their scenario. We deep clean our suites prior to the start of the day, after each guest, including chairs, counters and floors, and then when each day ends. Hands are washed prior to all services. Fresh new disposable implements are gathered from a clean stock for your service. A hospital grade sterilized pouch of implements is prepared for your service use with fresh clean linens laundered onsite.

### During Your Service

The first step of each service is our “cleanse” phase which ensures we start your service with the proper cleansing of your hands and/or feet. We continually train on our techniques to ensure proper CDC guidelines are upheld or exceeded throughout the service. We are consistently cleaning the suite as well. Also, we have access to the expertise of Premier Podiatry to better assist our clients with their care.

### After Your Service

Stations are thoroughly disinfected and prepared for the next guest. All disposable implements are discarded once used in your service. All implements are cleaned and prepped with a medically approved ultrasonic cleaner and then sterilized within a hospital-grade autoclave. Our industry-leading surgical grade autoclave delivers high temperature (275degrees) to kill viruses and high pressure (15+ PSI) to kill all bacteria.
