

# EVENING LIGHTING DEMO

Wednesday, February 23 | 8:45PM

*Seeing is Believing*

You're invited to a real-time demonstration of our outdoor lighting following Wednesday evening's dinner. Located in the East Atrium, just a few steps away from the dining area, we'll conduct a short guided tour beginning at 8:45PM. You'll see how outdoor lighting is used to illuminate and highlight the atrium's trees, plants and structures.
