## About the Event

Join us for a memorable day of golf, culture, and community as we raise funds to support disadvantaged youth in war-torn Ukraine. Proceeds from this tournament will help deliver new and gently used hockey equipment to young players who need it most—giving them hope, opportunity, and the chance to play the game they love.

This special event has been initiated by a community Ukrainian Hockey league – the UHL. The tournament brings together business leaders, hockey fans, and community champions for an unforgettable Ukrainian-themed experience featuring authentic food, beverages, cultural entertainment, and appearances by NHL alumni and legends.
