 CANADIAN FRIENDS OF HOCKEY IN UKRAINE

All Funds raised help Kids in Ukraine receive Hockey Equipment they can't get or afford.

Calgary, Alberta – The UHL, a **Division of UHL Sports & Entertainment**, is pleased to announce that they will be hosting its 1st Annual Charity Golf Tournament on August 14th, 2025 at Glen Eagles of Cochrane.

It's true, the UHL has taken a tremendous leap of faith in announcing this tournament. The UHL has partnered with the Canadian Friends of Hockey in Ukraine ("CFHU") based out of Manitoba to raise funds to help kids in Ukraine get hockey equipment and training they either cannot get or afford. Numerous NHL Alumni will be attending this inaugural event, and many prizes will be up for grabs to the most honest team!

Player entries will be available online soon. The UHL has filed an application with the Alberta Government to become a legal foundation. This will form **The UHL Hockey League Foundation**, whereby raising funds can go to a variety of Charities and Organization to help those in need. The UHL is all about family and fun, but we are also proud to help others, and this golf tournament will set the pace for many years to come. Unfortunately, the application process takes time, and until approval is received, we will not be opening the entries to the Tournament until it gets its official Foundation Status. Update...**See page Ate!!!**

Players of the Game are Rewarded well!

Dressing Room 1 & 3 – The UHL is proud to see all dressing rooms having fun following each game. No, no players were taken to the Train Station, but many were given something to remember. From being branded, to receiving a gift from their captains, to chowing down on Chicken Wings, Cabbage Rolls, Pickles, Kolbassa, Poppyseed cake (yep, you heard that right, poppyseed cake), to memorable items to take home.

This is what makes the UHL great! Special thanks to the Captains for making this happen!

Bring on the BBQ baby Back Ribs, Ribeye steak, or even Shrimp Cocktail, and Perogies at the next game!

UHL WELCOMES THE NEWEST UKRANIAN PLAYER... "TIM"

UHL WORLD HEADQUARTERS – The UHL is pleased to report that our newest addition direct from Ukraine has blended in well after 4 games into the Season.

Known as "Tim", we shall call him Tim. Not Tom, not Ted, not Troy. It's Tim.

Please make him feel at home as part of the UHL Family. While his English is not good in any way, help educate him in learning English.

Tim comes to the UHL with the assistance of legendary NHL player, now Alumni, Wayne Babych of the St. Louis Blues.

Ласкаво просимо до UHL Tim

FUN is the Name of the UHL Game

Calgary, Alberta – The UHL Suggestion Box was near full following the 2024 Season. This is rare as the UHL has been running like a fine-tuned Datsun B210 since 1982, so the Commish sat down with a nice bag-in-a-box of Bodacious Red wine to read them.

The 3 most common suggestions were:

- **Newer players take it too seriously!!**
- **Newer players don't pass, they only break in and try to score.**
- **Less FUN this year!**
- **Nobody hangs out after the games anymore. Why?**

As the Commish takes feedback from the players seriously, this won't go unaddressed. Therefore, prior to this start of this season, Kaptains and the Commish will be talking to a number of players regarding some of this feedback. Could it be you? Maybe. But if you are pulled aside by the Commish or Kaptain, please listen, and follow UHL standards.

UHL takes over Social Media

~~Silicon~~ Laminite Valley – Calgary-based Hockey League, the UHL, has gone viral! The league launched **Uke-Tube** in early 2025 for all their followers.

Uke-Tube, a Ukrainian phenomenon, has gone viral in its first 4 months of online entertainment. Uke-Tube, a ***Division of UHL Sports and Entertainment***, creates hockey videos on VHS and Betamax for all viewers to watch their weekly games. Over 17 users have paid the \$1,499 annual fee to watch the entertainment on ice.

The developers of Uke-Tube admit, the need for the viewing the coverage to be sped-up or slowed down has been a common request, so developers are working over 2 hours per month to make this request a reality. The main issue is behind the technology of the coverage is the squirrels running the rotary wheels have not cooperated in learning the forwards and backwards routine. They simply go. Engineers are contemplating swapping the squirrels with local gophers, but Saskatchewan will not relinquish any gophers without receiving a royalty. More to come as this breaking news develops.

UHL MAY FILE LAWSUIT BUT DOESN'T KNOW HOW

UHL International – The UHL is looking into its trademark and patent (which it doesn't have either) as it appears the UHL Logo has been stolen by an unknown team in an unknown location.

The UHL Commish received an anonymous tip that the Logo has been compromised by another team. As seen in this photo, the alleged Party was seen in an international tournament wearing these kick-ass Hockey Jerseys. While we are unaware who this is, or where they are from, or what country it is, or pretty much anything, we are close to capturing these culprits.

Yes, the Commish's design of the UHL Logo is quite outstanding, yet these are pretty cool too!

The UHL's legal team of Huey Duey and Screwly LLP has been retained to seek out the culprits and file charges against them to which the UHL has no legal grounds to stand on. In a brief interview with UHL's lead lawyer, Vinny Carpocella, he stated "***I may have to bring in my cousin Tony (the train) Vicolla, to take care of things. He has no emotions, he just get's things done... if you know what I mean***".

Meanwhile, in the real world, the Commish is rather happy to see his design is liked enough that other teams want to use it for their team.

Stay tuned for the outcome, as it will not make the news, nor will it result in anything other than a big surprise to the UHL.

Canada Votes in a New Tool! The UHL shows their Concern for the Future

Ottawa, ONT – The people (in the East) have made their choice. They chose Carney and his Liberals clowns, to return for what may be another 4 years to finish Trudeau's job. And that job was to destroy Canada.

The Commish sent UHL's very own color commentator, Mike (#5) Siroishka to cover this story and finds the outcome to be like a wrecking ball. Siroishka, known for his deep analysis of political policies, feels the Liberal Government is on a mission to isolate the west from the east while lining their own pockets with tax-payers money.

When Siroishka met with Mr. Carney just moments after the election, he asked Mr. Carney one simple question "Mr. Carney, what will it take for you to bring the country together?". Carney's response was unexpected. He said *"hey, if the UHL remains in Calgary, we cannot support the west. We need the UHL to come to the center of the Universe (Ottawa) and entertain the eastern fans. We cannot rely on the Toronto Maple Leafs any longer. They made it through to the second round, and they may no longer be the cheap entertainment we have come accustomed to. The Leafs may be for real, so we need to replace them, and all we want is the UHL"*.

Completely stunned by Carney's remarks, Siroishka nodded his head and walked away saying *"Carney, the UHL will never be relocated to the east, so you may as well stop trying to move our team, and focus on what you do best, and that is dividing the country, milking the western provinces, and lining your own pockets along the way"*. Carney had no further comments.

The UHL is has been Registered as a Foundation. Created to help those in need (TRUE STORY)

Edmonton, Alberta – After years of efforts, the UHL Commish is pleased to announce that it is now a Registered Foundation in Alberta!

The UHL Commish has created the **UHL HOCKEY LEAGUE FOUNDATION** effective **May 1st, 2025**. The Foundation has been registered and approved under the *Alberta Societies Act* to help those in need by holding fundraising events, getting sponsorships, grants, and donations to provide funding for those in need.

The Commish, along with four current UHL players, have stepped up and launched the league into a new era. This is another **Division of UHL Sports and Entertainment** created to help those in need. From helping women in need, the youth, the elders, the homeless, or any group needing charitable assistance, the UHL will be there for them. All causes need to be approved by the Board of the Foundation.

This year, the UHL has partnered with the CFHU (Canadian Friends of Hockey in Ukraine) to host its 1st Annual Charity Golf Tournament in August. This tournament will be its inaugural event in helping those in need by providing kids in Ukraine with hockey equipment and coaching that they either cannot afford or get due to the war in Ukraine.

Special thanks to those UHL players that stepped up to assist the Commish in making this dream a reality!!

UHL WILL HOST FIRST ANNUAL CHARITY GOLF TOURNAMENT

**Repeat Article
because it's
BIG, and we
need your
Support!**

The UHL was approached by a Ukrainian Charity based out of Manitoba to partner with Calgary to host a Charity Golf Tournament this summer. It will be held on August 14th, 2025

The Commish met with NHL Legend Wayne Babych (St. Louis Blues) on January 15th to discuss this unique opportunity. After a few whiskeys, the Commish and Babych agreed to pull this together. Babych, along with his brother Dave Babych (Winnipeg Jets) would arrange for various NHL Alumni to join the tournament as long as the UHL can provide the Golf Course and organization of the tournament. Thanks to Joe Tysowski for securing the golf course!

Funds raised at this tournament would help fund hockey equipment for kids in Ukraine that cannot afford equipment or cannot get equipment in Ukraine.

**STILL LOOKING FOR 5 VOLUNTEERS
TO HEAD UP THIS GREAT CAUSE AND
1st ANNUAL GOLF TOURNAMENT**
